INTRODUCTION

Many books and films have tried to re-create the America of the boisterous "Roaring Twenties" with varying degrees of success. But to view the twenties as they really were, one can do no better than return to the pages of the Sears, Roebuck and Co. Catalogue.

Out of its pages steps the flapper in all her glory replete with the fashion frills of the day, her flat chest and her bobbed hair. And out of Sears' pages steps her male companion with his full-cut trousers and handsome new "clover-leaf" lapels; their children; and all their family's belongings, necessities, and material desires.

To present the 1920s to the 1970s' viewers, the publishers with good reason have chosen to reproduce Sears' 1927 Fall and Winter Catalogue. This was the heyday of that era—America was experiencing a surging prosperity (although many of Sears' farmer customers had not yet recovered from the sharp recession of 1921–22). With prosperity came the demand for more and more consumer goods which Sears was most anxious to satisfy.

Paradoxically, despite the visible prosperity, Sears apparently was beginning to recognize some of the buying resistance that was to reach depression proportions in the thirties. Much identical merchandise was offered in Sears' Spring and Summer and Fall and Winter catalogs and one startling price pattern emerged. Prices were either identical, or, when different, the Fall and Winter Catalogue published later had lower prices. A Ford seat cushion listed at $5.18 in the spring was only $4.60 in the fall, a meerschaum pipe offered at $3.48 in the spring was only $2.95 in the fall, and even Feenamint catalogued at 42¢ in the spring book was down to 39¢ in the fall.

While turn-of-the-century Sears, Roebuck catalogs relegated ready-to-wear clothing to a modest number of pages at the rear of the book, the 1927 Catalogue featured more than 450 pages of these items, most shown right at the front. America's habits were changing, less time was being devoted to home dressmaking and as usual Sears' Catalogue was reflecting the change. New York was the fashion center in 1927 and the copywriters stressed New York styling. One rare exception was bathing suits for which California was given styling credit for most of those shown in the 1927 Sears Spring Catalogue. (These may be seen in the special supplement at the end of this Bounty reproduction.) Other exceptions were the French designs that appear on page 12.

More fashion notes of particular interest are the fake furs on page 17, the Clara Bow hats "Posed by the Famous Paramount Picture Star" on page 101, and the capsule view of fashions of the period found on the pattern pages, 220 and 221. These provide a quick view of more than seventy varied items.

Between 1920 and 1929 the auto industry underwent a period of marked expansion and grew to number one rank in terms of value of product as well as value added by manufacture. Ford still dominated the industry, but Chevrolet was beginning to challenge that dominance. In 1927, Sears, Roebuck devoted twelve pages to accessories for Fords and two pages for Chevrolet. The rest of the industry got little more than passing attention.

Interest in sports soared in 1927 as evidenced by the tremendous array of sporting goods of all types. Equipment for baseball, golf, tennis, skiing, skating, basketball, boxing, and a host of other activities found space in the catalog's pages. And small wonder! Nineteen twenty-seven was the year Babe Ruth set his famous record, hitting sixty home runs in one season. It was also the year of the controversial Dempsey-Tunney heavyweight championship rematch—the fight in which Tunney retained his championship with the benefit of a much disputed "long count."

The phonograph was obviously enjoying great popularity in 1927. One hundred and four million discs were sold that year in the U.S. and Sears featured a good many of them. Among the top hits offered on page 692 were "Baby Face," "Ain't She Sweet," "Bye Bye Blackbird" and many others still in favor today.

Radio was beginning to gain popularity, but Sears still found it necessary to explain in detail that anyone could install one of its radios by following the carefully worded instructions. By 1932 the growth of radio coupled with the depression would reduce phonograph record sales to a mere 6,000,000. Even more striking was the reduction in sales of phonographs themselves from 987,000 in 1927 to only 40,000 in 1932.

Sears, which billed itself as the World's Largest Store, established its own radio station in 1923 using as its call letters WLS. In 1927 the station was being operated as a service to customers with farm reports interspersed among entertainment programs. The aim apparently was to create more radio sales by providing an incentive for purchase. A similar technique was used by RCA in the early 1960s to create a demand for color television by scheduling an extraordinary number of color programs on the RCA-owned NBC stations.

Collectors can find many items of interest in this 1927 Catalogue. Silver patterns, toys, and furnishings provide numerous treasures. The toys, particularly, reflect the period. Nineteen twenty-seven was the year of Lindbergh's flight to France and naturally there are several toy airplanes. Mechanical trains appear in force, but a full page is devoted to electric trains and equipment. And since Sears' customers could be expected to have free spending money in 1927, an exceptional number of pages is devoted to dolls.

But Sears recognized that all Americans were not completely up-to-the-minute in their living habits and a surprising number of old-fashioned items was still offered for sale. Buggies, once the proudest offering of early Sears Catalogues, still found space on page 1044.

The items in the 1927 Sears, Roebuck Catalogue, reflected the wants of almost everyone, and so preserved for us a most vivid portrait of that period. Here we have before us the merchandise, the styles, the prices to reconstruct the twenties for those who arrived too late and to refresh the memories of those who were there.

Publishers' note regarding this Bounty Edition:

We have retained the continuity and flavor of the original, but in order to keep within a useful format of over 700 pages, we have omitted those pages that were mostly repetitions. Where we believed the present-day interest in a particular section was great enough for preservation in its entirety, such as the toy and doll sections, silver and jewelry sections, we did preserve them. The index will guide you to specific items you may wish to find. Owing to our deletions an occasional item may not be found, but those items will almost certainly be few. The 1927 Fall and Winter Catalogue provides the basis for this Bounty Reproduction. A ten page supplement taken from the 1927 Spring and Summer Catalogue, has been added at the end. These items were included here because we believe they will add an additional dimension to the reader's view of America as it was in 1927. Items in this supplement are not included in the index. The cover illustration by Norman Rockwell was taken from the 1927 Spring and Summer Catalogue.

INDEX *begins on page 550.*

It Looks Like Fur but Costs Very Little

Fur fabric coats are more in demand this season than ever, especially favored by women who admire the luxurious appearance of real fur garments but find them to be more expensive than they desire to pay.

In this coat of *Siberian Fur Cloth* beauty goes hand in hand with economy, for while the silky lustrous deep pile of its fabric gives the effect of the high priced genuine caracul fur, this model can be purchased for the very small sum of $14.98.

It is a smart, delightfully warm garment, fashioned on becoming lines and further enriched with a mushroom shape collar and deep cuffs of imported *Black Belgian Lynx Coney Fur*, which has the dressy appearance of the genuine lynx. For additional warmth and service, the coat is heavily interlined and comes with high luster, guaranteed *Venetian* lining. Average length, 47 inches.

FURS of QUALITY

Quality Above All

FOR if the furs you wear are not of dependable quality they will never be satisfactory, regardless of how stylish they appear.

That is why we stress the importance of quality in our furs. Only the better grade of selected choice skins are used by us. Every pelt we buy is carefully examined by expert furriers for possible defects. Every imperfectly dyed or cured skin is at once rejected.

And, furthermore, we never offer a garment made of "pieced" skins. Only the whole pelt, perfectly graded and matched, is good enough for our customers.

Buy your furs, then, from these pages and we guarantee that you will be delighted with the handsome appearance, genuine quality and lasting economy of your purchase.

Every fur we sell is described by both its trade name and its actual name so you will know just what you are getting.

LITTLE

Especially Designed to Correctly Fit the Woman of Short Figure

A STYLE IDEA THAT HAS REVOLUTIONIZED WOMEN'S FASHIONS

After years of research our stylists have proved an astonishing fact. Over one-half of the women of America are less than five feet four inches in height. And yet, for years and years, fashion designers have created coats to fit the taller woman only. This has made it difficult for the little woman to find a coat that she could wear without the necessity of expensive alterations which frequently destroy the style lines of the coat.

To meet this problem, we have created a special department for *little women.* On this page and the three pages following you will find the smartest of the new fall styles designed for the petite figure. They are NOT Misses' Coats. They are designed to fit mature women of short stature perfectly.

The coat and sleeve lengths are shorter, the trimmings and other proportions are perfectly balanced, and the result is a garment which we guarantee will fit exactly the woman who is five feet four inches or less in height.

That this special department for *little women* meets a long felt need is proved by the fact that more and more women are turning to it and it is growing larger each season.

You, too, will find the solution of your clothes problem here, and will find a style satisfaction you have never before felt in making your selection from these pages.

Coats on pages 22, 23, 24 and 25 come in special sizes to fit Mature Little Women five feet four inches or less in height.

Sizes to Fit Bust Measures: 34, 36, 38, 40 and 42 inches. With Corresponding Coat Lengths: 42, 43, 43, 44, 44, inches. **Be sure to state your exact bust measure.**

A Coat of Parisian Inspiration

For new fashion ideas we turn to the famous French designers, but for artful adaptations to suit certain types of figures and for such expert tailoring as will assure perfect fit, even they cannot rival the amazing skill of our Fifth Avenue stylists, as for instance the one who reproduced this stunning coat for little women.

This coat has all the chic and beauty of the original Paris model, yet is correctly proportioned and faultlessly tailored to give flattering height and becoming lines to the petite figure. Developed in extra fine quality, delightfully warm, soft finished *All Wool Duvmere Suede,* it is effectively tucked in a distinctive new manner and trimmed with hand embroidered silk arrowheads.

Coat is also enriched with a large shawl collar and deep cuffs of selected grade *Mandel Fur* of brown color with lighter markings.

Comes with warm interlining and guaranteed *Satin de Chine* lining. A truly lovely garment—and a very exceptional value.

Special Sizes for Little Women—34, 36, 38, 40 and 42 inches bust measure. **State size.** See page 15 for measuring instructions. Average length, about 43 inches. Shipping weight, 5½ pounds.

17K3205—Light Brown. **$35.00**

High Grade, Lovely Model

A coat of distinctive style and beauty is offered here for little women; styled in the latest New York manner, made of a choice high grade fabric, trimmed with luxurious fur and—most important of all—cut on correct proportions and artfully tailored, assuring perfect fit.

The model is adapted in finest quality *All Wool "Val-Shora" Bolivia,* a fabric of soft, velvety texture and lustrous dressy finish. It has a handsome large collar and deep cuffs of selected grade *Manchurian Wolf Dog* fur; in the rich coloring of the expensive, genuine Red Fox.

Inverted pleats at the lower sides, centered with *Rayon* stitching, and an appliqued band across the back and at the sides, also enhanced with stitching, are interesting details that lend additional chic to the garment.

It comes with warm interlining and lovely *Brocaded All Silk Crepe* lining.

Special Sizes for Little Women—34, 36, 38, 40 and 42 inches bust measure. **State size.** See page 15 for measuring instructions. Average length, about 43 inches. Shipping weight, 5½ pounds.

Exceptionally Smart Sport Coat For Little Women

Of new fashion importance are the coats of fancy fabrics and no longer are they limited to sport wear only, for with rich fur trimmings and clever styling they now look dressy and are considered suitable for almost any occasion.

Their swagger effect is well illustrated in this attractive model which was especially designed for little women. This coat chooses a lovely tapestry weave *All Wool Sport Fabric* of extra fine quality for its development—a fabric of warm winter weight and guaranteed durability.

The model is made with full length tuxedo facings of solid color *All Wool Velour*, which was also used for piping, shown effectively on the cuffs and pockets.

It gains additional smartness with a collar of silky haired, rich looking, genuine *Red Fox*. Also has adornment of novelty buttons and a detachable leather belt.

Comes with warm interlining and good looking, serviceable *Fancy Brocaded* lining. Average length, about 43 inches.

Special Sizes for Little Women—34, 36, 38, 40 and 42 inches bust measure. **State size.** **See page 15 for measuring instructions.** Shipping weight, 5½ pounds.

Correctly Fashioned by Experts To Fit the Short Figure

This high grade coat, which is identical with the garments sold in the best New York shops, has been artfully fashioned by experts who specialize in apparel for short women. Therefore, it has every assurance of being a correctly proportioned, perfect fitting garment—which after all is one of the most important factors in choosing a coat for any type of figure.

Created on a graceful silhouette of superior quality, soft suede finished *All Wool Duvbloom Suede*—one of the finest of new winter coatings, used only for the most expensive coats. The model shows tiered folds on each side, that were cleverly embodied in an insert panel and topped with lustrous *Rayon* stitching. A luxurious note is lent by rich, fur trimming, using selected first grade *Manchurian Wolf Dog Fur* for the large flattering collar and deep cuffs.

We again assert that if you were to shop in the New York shops, you could hardly find a lovelier or finer garment.

Made with heavy interlining and lined with fine quality *All Silk Crepe de Chine*. Average length, about 43 inches.

Special Sizes for Little Women—34, 36, 38, 40 and 42 inches bust measure. **State size.** **See page 15 for measuring instructions.** Shipping weight, 5½ pounds.

A Stunning Coat for Little Women

Tiered flounces lend a chic new note to this lovely coat, being featured on the skirt of the garment and topped with soft gathering at either side, effecting a charming, graceful silhouette.

The coat is developed in *All Wool Duvmere Suede*—a high grade, winter weight fabric of dressy appearance. Observe the smartness of the sleeves, with their double cuffs—featuring strap and button trimming. The deep shawl collar is also fashion's latest, made in this case of selected grade *Mandel Fur* in harmonizing color with the coat.

In tailoring and every detail, this coat is all that can be desired, yet its price is incredibly modest—only $29.95. It comes with warm interlining and has guaranteed *Satin de Chine* lining. Average length, about 43 inches.

Special Sizes for Little Women—34, 36, 38, 40 and 42 inches bust measure. **State size.** **See page 15 for measuring instructions.** Shipping wt., 5½ lbs. **$29.95**

PRESENTING — New York Styles for the Stout Woman

Trimline BRAND S.R. and Co.

THE foremost style designers of America have spent years in perfecting our TRIMLINE styles for the stout woman.

The smart straight lines and perfect fitting proportions of these coats are expressly designed to give that slenderizing effect which is so desirable, and the perfect tailoring and splendid quality of TRIMLINE coats will prove a revelation to you.

In creating these styles, special attention has been paid to the individual proportions of the stout figure. Every detail of service and comfort is here. These aren't merely large coats cut on ordinary patterns with some width added; they are specially designed to meet the requirements of the larger figure. The back is cut with more fullness, the armholes are cut with greater depths, there is more width and concealed fullness in the skirt.

The result is a coat which will look well and fit well. A coat that will give you greater style satisfaction than any garment which you have heretofore worn, and a coat that will have an almost miraculous effect in slenderizing your figure. The straight, easy lines accent length and break the natural width of the figure by clever cut and trimming. Every attempt has been made to produce a garment in which the larger woman can be comfortably well dressed and confident that she is smartly groomed.

Note particularly the details of workmanship which distinguish our TRIMLINE coats, the wide cloth facing, full cloth under collars, cloth neck bands, high grade linings and warm interlinings.

In ordering your TRIMLINE coats *be sure to state your exact bust and hip measure,* do not allow extra, as our coats are scientifically designed to fit your size correctly. Expert fitters have perfected a chart by which we are able to choose immediately the size that will fit you when we know your measurements.

High Grade Coat of Decided Chic and Beauty

Smart attire has a way of lending poise and assurance to the wearer, but the secret of being smartly attired does not only lie in your choice of a garment that is pleasing in design; it must also have essential features that are best suited to your type of figure—a correct silhouette—clever details—and such expert tailoring as will assure perfect fit.

All these important factors are to be found in this stunning coat, which has been especially designed to fit women of stout figure. It is fashioned on becoming, slenderizing lines of *All Wool Duvmere Suede*, an extra fine quality, soft, suede finish dressy fabric, of warm winter weight.

The high grade tailoring of the coat is especially evidenced by the interesting treatment of insert side panels, that are made with corded tucks, tailored folds and silk embroidered arrowheads. Additional warmth and richness are lent to the garment by a large, flattering shawl collar and deep cuffs, of selected grade, silky furred *Korean Fox (Vicuna Fur).*

Coat is carefully finished in every detail; heavily interlined and has handsome, durable *Silk Warp Brocaded* lining.

Stout Women's Sizes—41, 43, 45, 47, 49, 51 and 53 inches bust measure. Length, 47 inches. State size. See page 15 for measuring instructions. Shipping weight, 6½ pounds.

Smartly Adapted in a Rich, Warm Fabric

A coat of chic New York style is offered here for stout women, becoming in silhouette, slenderizing in effect and desirable in every way—having the pleasing combination of all those little details that mean so much. We can also recommend it to be an exceptional value at $24.95.

The model is fashioned of rich looking *"Tex-Bloom" Bolivia*, a delightfully warm, durable, winter weight fabric having a soft, velvety texture and a highly lustrous finish. Designed on smart, easy fitting, straight lines, the coat has two convenient pockets at the front, while the back shows clusters of *Rayon* braid adornment and button trimmed pointed tabs.

Beauty is also lent to the garment by a large mushroom shape convertible collar and deep cuffs of selected grade *Belgian Lynx Coney*, a dense, silky haired fur that looks like the expensive, genuine lynx. For added warmth and comfort the coat is heavily interlined and finished throughout with *Patricia* lining (excellent quality, highly lustrous sateen).

Stout Women's Sizes—41, 43, 45, 47, 49, 51 and 53 inches bust measure. Length, 48 inches. State size. See page 15 for measuring instructions. Shipping weight, 6½ pounds.

Ages	10 - 12 - 14 - 16 Years
To Fit Chest Measures	29 - 31 - 33 - 35 Inches
Lengths	36 - 38 - 40 - 42 Inches

The Size to Order

All that we require in order to fit your girl perfectly is her actual chest measurement. Our age 10 coat, as an example, has been scientifically designed to fit a girl of 29 inches chest measure, with ample allowance made for growth and comfortable fullness.

We direct your attention also, to features of construction which add materially to the quality of these coats—full cloth undercollars, wide cloth facings, cloth neckbands, high grade, durable linings and warm interlinings.

$9.79

Inexpensive, Pleasing Model

This coat makes effective use of tailored tuckings; having them serve as smart adornment at the front and back, as well as on the sleeves and pockets.

The model is fashioned of warm, winter weight, durable quality *Velour*, which is more than two-thirds wool. It is well tailored; has a pleasing, youthful style and is finished with a dressy, convertible collar of handsome *Mandel Fur*. Equally good looking, either buttoned at the neck or unbuttoned, as illustrated. Made with warm interlining and strong, durable, striped *Venetian* lining.

There is genuine economy in the low price we are asking for this beautifully styled, splendidly tailored coat for the young miss.

"Is She as Young as She Looks?"

YOU hear this question asked very often nowadays, on the street, at home, in fact, everywhere, about the woman whose youthful figure has you guessing her age. It is because women today are more youthful looking than were women of the same age just a few years back. They realize today as never before that it is wise to guard that youthful look, not only for the sake of appearance, but also for better health. Many smart women nowadays are careful not to overeat—they exercise moderately and last, but very important, they buy their foundation garments from Corsetry Headquarters, in other words, from Sears. To get that youthful look it is very important that your foundation garments really fit. That is why we check design and workmanship so carefully. Study our descriptions. It's easy to order.

Smart New Figure Former

$2.98

To Be Smartly Dressed You Must Be Correctly Corseted

We Recommend This Model for Average and Full Figures

Wonderfully successful foundation garment made by a foremost designer. Effectively flattens a protruding diaphragm and abdomen and comfortably molds the figure. Lower part in front is made like a girdle and fastens with a clasp at the center of the body. The outer section is lined in front across abdomen and hooks all the way down at the side. It fits smoothly over the inner part. Note the large sections of one-piece elastic at sides—they tend to make you thinner through the hips. Substantially made of fine Rayon figured pink batiste and well (but not heavily) boned at back, sides and front. Elastic gore at bottom front. Fancy straps have elastic tabs. Six fine supporters.

18K118—Sizes 34, 35, 36, 37, 38, 39, 40, 42, 44 and 46 inches bust measure. Measure bust over fullest part and state size; also give hip measure. Shpg. wt., 1¾ lbs.**$2.98**

STYLEHINT:—

Shape Your Figure Into Slim Lines of Beauty by Wearing the Lovely "Pliant-B"

"Pliant-B"

Our New High Grade Combination Garment

Lower part in front and at sides of back is shaped like a girdle and is cleverly fashioned of various sections of one-piece elastic. It hugs the body ever so comfortably, thereby subtly bringing out the feminine line. Fastens with a broad end clasp at direct body center. The front panel of fine Rayon fabric cares for the bust and fits neatly over the lower part, giving a flat front and longer figure lines. Center of garment at back is of Rayon fabric, with elastic at top for comfort. The elastic along entire bottom edge cups the figure snugly, giving trim hip lines and it expands comfortably when seated. Moderately boned, six garters.

18K110—Color: Pink. Length at front, 19¼ inches. **Even sizes, 34, 36, 38, 40, 42, 44, 46 and 48 inches bust measure. Measure bust over fullest part and state size; also give hip measure.** Shipping weight, 1¼ lbs.

The Justly Famous CORSETRIM

Favorite of Thousands

Its Popularity Is Most Certainly Deserved

Corsetrim is a stylish and practical patented garment which gives corset trim to the figure. It confines the bust and hips and diaphragm, is light, yet strong and flexible, and gives all women correct support and the fashionable figure with great ease. Inner girdle attached to each side has elastic at top for comfort and clasps directly at center of body. The front panel, fastening at side, fits over inner girdle, giving slender figure and a graceful, smooth front. Lacing in back from waist down permits perfect hip adjustment. Entire front length, 21 in.

Headquarters for the Celebrated
Dr. Wine's Health Garments

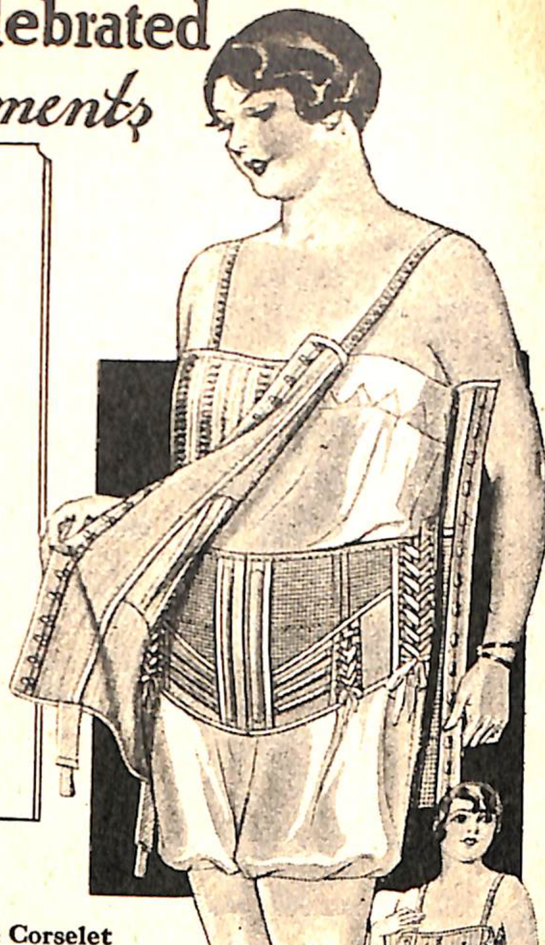
Quickly Adjusted to Your Own Physical Need

Dr. Wine's Improved Health Garments are the result of extensive research work and, in our opinion, are the best garments of their kind ever produced. Scientifically constructed inner belt gently lifts the abdomen and holds it in its natural place most comfortably, thereby assisting nature in bringing permanent relief. Truly wonderful for all women requiring abdominal support or wishing to reduce. Also recommended for women suffering from abdominal troubles and before and after maternity.

Inner belt fastens in center with strong hooks and eyes, each half being fitted with a thin, slightly bent, narrow stay of "Surgic-Alloy" metal which is very easily bent to cup into just the right shape to fit the abdomen. These "Surgic-Alloy" stays can be straightened from time to time as the lines of the figure improve through wearing of this garment. Lower front part of belt has short wire stays for corrective and comfortable abdominal support. Belt is attached to inner sides by lacings and is easily raised, lowered or let out, therefore wonderfully suited to every abdominal need. The outer part fits neatly over the inner belt, giving a smooth and more slender line.

Dr. Wine's Health Corset

Has the scientifically fitted, health assisting inner belt and all features described above. The corset part of fine pine coutil is boned throughout with strong stays and has elastic insert at top front and at bottom back. Clasps smoothly over inner belt, giving a straight and slimmer figure (see small view at top). It is laced at back and fitted with three pairs of strong supporters. Order size 2 inches smaller than waist measure taken over your corset; give hip measure as outlined on page 118. Shipping weight, 2½ pounds.



$3.98 Regular Sizes 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35 and 36 inches.

$4.95 Extra Large Sizes 38, 40, 42, 44, 46, 48 and 50 inches.

Dr. Wine's Health Corselet

A single combination garment to take care of the bust, waist, abdomen and hips. Has the scientifically fitted health assisting inner belt and all fine features described above. Outer part of fine Rayon striped fabric has a section of elastic over each hip (see small view) and concealed boning at front; also moderate boning at back and sides. Lacers at back waist down permit perfect hip adjustment.

18K388—Sizes, 34, 36, 38, 40, 42, 44, 46, 48 and 50 inches bust size. Measure bust over fullest part and state size; also give hip measure. See chart on page 118. Shipping weight, 2 pounds.

Dr. Wine's Slenderizing Health Belt

For General Wear

These belts are today considered one of the highest forms of corsetry. Excellent for home, sport, dress or street wear, not only for the stout but for the average and slender figure, too. They create a stylish contour, support the abdomen in its proper position, reduce the hips and abdominal girth and do away with the pushing of flesh into unsightly bulges and the compression of the diaphragm. Also recommended for obesity, for the tendency of rupture or colon trouble, for pregnancy and after childbirth. Dr. Wine's Health Belt has all the special health assisting features described above and is made of elastic and cloth in front and all cloth back and is correctly boned. The elastic used is special "Armor-Lastic," having a patented regulated stretch. It can be laundered freely without injury. Its life is three times that of ordinary elastic. Fastens in center with strong hooks and eyes. Lacing at sides and bottom front permits wonderful adjustment. Shipping weight, 1½ pounds.

To Order Your Size

Take waist measure over your corset and deduct 2 inches. (If measure is 36, order size 34.) Note prices of sizes.

Prof. Gale Tru-Lift Health Belts

Choice of Two Models

Gives wonderful support to abdomen and back. Recommended by modern doctors as an after operation belt, for the support of loose abdominal rings, for the tendency of rupture or colon trouble and for reducing the abdomen. Finely tailored of a superior quality pink coutil having concealed aluminum plates at bottom front which are easily bent to cup under the abdomen. Light boning at sides and back. Special lacers at back are instantly adjusted and lift abdomen in a correct natural position. Garment closes at side with strong snaps so it can be easily put on or removed. Gives stylish new figure lines. Four fine quality hose supporters.

Order the Model for Your Figure

To order your size, take a tape and measure snug around waist over your corset and deduct 3 inches. (Example: If your measure is 30 inches, order belt size 27.)

Our Famous Comfort Corsets

All Garments on This Page Have Our "Famous Comfort Boning."

Made of fine rust resisting coiled wires designed so that they bend in any direction with every movement of the body. Until we introduced corsets with this type boning on a large scale at our low prices, they were sold mainly by canvassers direct to the wearer at very high prices.

Our Guarantee—Should any boning in "Our Famous Comfort Corsets" break within six months from date of purchase, we will replace the garment without charge.

C. H. and S. Quality Corsets

Fine Back Lacer

For Average to Tall Stout Women

$2.75

For those inclined to be stout, we suggest this high grade back lacing model. Well tailored to give needed support and apparent reduction to the entire figure. Substantially made of fine quality pink coutil with heavy rubber sections at bust and bottom skirt. Double coutil across the front and abdomen makes for longer wear. Well boned at front and more heavily boned at back with double strength rust resisting stays. Fashionable low bust 2 inches; shaped higher at back. Long skirt 14¾. Broad end clasp 9 inches with three hooks below.

18K426—Sizes 24, 25, 26, 27, 28, 29 and 30. Order corset sizes 2 inches less than waist measure taken over corset. Shipping weight, 2 pounds.................**$2.75**

18K427—Same model as above in extra large sizes, 31, 32, 33, 34, 35, 36, 38 and 40. State corset size as above. Shipping weight, 2¼ lbs....**$2.98**

Please do not guess your size—use a tape to measure with as shown here. Follow the measuring directions given for the garment you are ordering and be sure to give us all information requested. If your hips are very much larger than your bust you are better fitted in a back lacing, step-in, or a clasp around model. Please use care in ordering—help us to give you real first class service.

Note Where to Measure

For Bust Size—Measure all around at the fullest part of bust, keeping tape measure well up under arms.

Waist—To get waist size measure all around body at smallest part.

Hips—To get hip size measure all around body, about 7½ inches below waist.

Perfect Fitting C. H. and S.

Comfort, Health and Style garments are famous for value, fit and high quality. Anything that goes into the making of them must be of standard tested quality. Our aim is always to improve rather than cheapen. Models shown on our "Modern Corsetry" pages have real merit. We will not catalog garments made just to sell. The tremendous quantities we use enable us to buy at rock bottom prices so as to make possible the sensational values we offer.

Important Facts About Hair Quality

Few women are well informed on the many grades of human hair. As a result, they are often offered under misleading names. Even experts find it difficult at times to distinguish the difference in quality. Inferior quality soon becomes apparent after wearing the hairpiece. It fades, becomes streaky, straggly or brittle very quickly. Our hair qualities are guaranteed exactly as described, an especially valuable feature in this kind of merchandise.

On these two pages you will find comfortable scientifically designed brassieres for practically every type of figure. Brassieres should conform to the natural outlines of the figure—their chief purpose is to hold flesh immovable, not to compress it into much smaller space than it naturally occupies. The too tight brassiere affords one of the quickest possible means of spoiling the lines of the figure. Do not spoil, but improve or preserve those youthful lines. It will be to your advantage to follow our instructions "HOW TO MEASURE" found on opposite page.

38K202—Flesh.

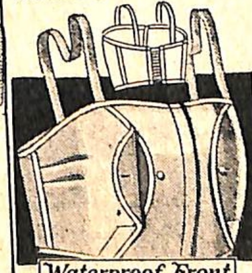
Sizes, 24 to 34 inches. State your present waist size. Do not deduct 2 in. for lacing. Shpg. wt., 1¼ lbs.

Many mothers-to-be, who are not accustomed to wearing a corset, will have comfort in this one. The wide elastic section in front prevents any possible pressure and permits greater ease. Lower than the usual corset, but high enough for proper support. Hooks at side, has lacings for necessary expansion. The back section is of strong, serviceable coutil, lightly boned. Four hose supporters. Front length, 10 in.; back length, 12 inches.

85c

38K275—Pink.

Sizes to fit 34 to 48 in. bust measure. State bust measure. Shpg. wt., 7 oz.



A new and improved style Nursing Brassiere. Fastens with hooks and eyes at each side of panel in front without the least inconvenience. The front panel and back are made of durable fancy pattern cotton madras; panels of elastic webbing at waist in front allow comfortable fit. The firm, absorbent, cotton knit fabric used over busts insures support without pressure.

38K206 —White.

Corset sizes, 24 to 38 in. State corset size. Do not deduct 2 inches for lacing. Shipping weight, 1¼ pounds.

Practical and comfortable is this clasp around model Maternity Girdle of **coutil** at a remarkably low price. Being topless makes it ideal for the woman accustomed to wearing a light girdle. Surgical elastic webbing panels in front and back. Shaped front clasp which cannot dig in at top and flexible boning. Full length lacers at sides for outlet. Front length, 10 in.; back length, 12 in. Four hose supporters.

49c

38K276—White.

Sizes, 32 to 46 inches bust measure. State present bust measure taken snugly around body over fullest part of breasts. Shipping weight, 4 ounces.

This Waterproof Brassiere is correctly designed for comfort and protection and should be worn by every careful nursing mother. The front is rubberized nainsook and prevents other clothing becoming wet or soiled; reinforced buttoned nursing flaps. Hooks in front. Back made of strong batiste with elastic panel. Tape shoulder straps.

Launderite Sheets and Pillowcases

The Washtub Proves the Quality

It takes more than just lower cotton prices to make sheet values like this! Only the cash buying power of Sears-Roebuck with their eleven million customers could obtain value like this. Launderite is our own brand. You never bought better value. We take the entire output of a big, busy mill, thus keeping the quality absolutely the same, and the prices at a rock bottom level. Launderite quality is immensely popular because it launders right, wears right and is priced right! Good grade cotton sheets contain no artificial weighting, and lose none of their appearance in washing. The same high quality you've been buying for years. We may cut the price, but we never skimp on quality. Launderite sheets and pillowcases are absolutely guaranteed to please you and save you money.

World's Standard Quality Maysville Carpet Warp *and* Rug Filler

For Hand Loomed Rugs

Maysville Carpet Warp

For 75 years rug weavers throughout the country have used Maysville 4-Ply Warp with the most satisfying results. It is guaranteed by both Sears-Roebuck and by the manufacturers. **It is standard in yardage, uniform in strength and properly dyed. It is practically free from knots and comes tightly wound on handy half-pound tubes.**

There is an ever increasing demand for hand loomed rugs, and a good profit in making them. Housewives everywhere are learning to demand rugs woven of Maysville Carpet Warp and Maysville Rug Filler. Maysville products are nationally advertised in the leading women's magazines, so that weavers find a ready market for their hand loomed Maysville rugs and keep their looms busy the year around.

Once you've tried Maysville Warp and Filler you will never use any other brand. Its standard, uniform quality is backed by long years of experience; and the tremendous quantities we buy enable us to offer our millions of customers an absolutely rock bottom price.

98K6536¼—Carpet Warp only. Colors: Dark brown, Ecru, Light blue, Medium blue, Myrtle green, Red, Old rose, Orange, Reddish brown, Purple, Slate gray, Yellow or Black. Mention color. Shipping weight, per pound, 1¼ pounds. **38c A POUND**

Carpet Looms

If you intend buying a carpet loom, either for professional or home weaving, write us; we will be glad to put you in touch with a manufacturer of the highest grade and best type of loom. These looms are sturdily constructed and will last a lifetime. They are easily within reach as to price.

Maysville Rug Filler

Maysville Rug Filler, or Roving, as it is known to the trade, is made of loosely spun cotton in rope form; about the thickness of a lead pencil, it is very soft, lustrous and fluffy. Weavers are enthusiastic about Maysville Rug Filler; it gives that individual, distinctive touch so much to be desired. It is used with Maysville Warp for hand loomed rugs and striking results can be obtained by combining different colors of the Rug Filler in the body of the rug or for beautiful border effects. It makes a firm, strong, good wearing rug. Also used in combination with rags. May we send you an attractive folder and sample card showing actual samples of Rug Filler?

The FRANKLIN

The Utmost BEAUTY and

HERE is your great opportunity! Equip your home with the most modern, up to the minute sewing machine ever made, at an amazingly low price! We have made many startling improvements, we have developed the sewing machine to the highest efficiency ever achieved. This Franklin Rotary compares with the most expensive models on the market today. Feature for feature, you will find them all on this remarkable Franklin. But look at the difference in price! Figure your savings on this rotary sewing machine which we offer for $59.50 with machines of the same type, which sell for twice as much and more. The Franklin Rotary sews just as smoothly, just as rapidly, with as little effort and brings you the same conveniences as any sewing machine made, bar none.

Every woman wants this newest Franklin just as the owner of an old model automobile wants a new, modern car. The Franklin is far, far ahead of old time sewing machines—you will be most pleasantly surprised at the ease with which you can sew on the Rotary Electric. It brings you, too, many, many new ways to save. In only a short time the Franklin will have paid for itself. It opens the door to a new world, of more and better clothes and of happiness and pleasure in personal achievement.

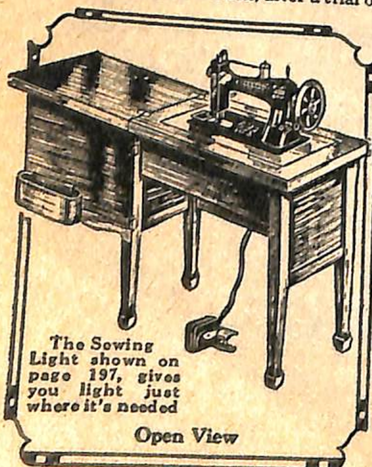
This efficient, speedy machine is a splendid TIME SAVER; it accomplishes twice the work of any ordinary machine. Attached to any electric socket, it is easy to operate. Starts with a slight pressure on the foot control and is always under your control. Perfect construction, accurate mechanism, scientific design make it a masterpiece. Built to outlive our ironclad 20-year guarantee. We can make this remarkable offer because, by selling direct from factory to you, we have no dealers', jobbers' or salesmen's expenses, and the difference is your gain.

The Sewing Machine Beautiful

THE BEAUTY of this machine attracts your immediate attention. Produced by expert cabinet makers, this lovely piece of furniture in dark walnut finish fits perfectly in any room. Closed, it makes a beautiful table or desk to occupy that vacant corner in your parlor or bedroom, and increases your satisfaction in your tastefully furnished home. Its low price, its extraordinary efficiency, its perfect construction would alone endear it to any housewife, but the added features of beauty and utility make it an unparalleled value. Silent, speedy service for a lifetime of use. The touch of your foot on the foot control sets it whirring, increased pressure speeds it up. All you have to do is guide the material, and both hands are free for that. Double the work in half the time, and twice as well done.

Attachments and Accessories

A full set of the latest improved attachments, made by the famous Greist Company, is furnished with every Franklin. These include tucker, ruffler, shirring blade, under braider, short presser foot, binder and set of four hemmers, different widths.



Accessories furnished without added charge consist of one quilter, three bobbins (and one in the machine), one gauge screw, large nickel plated screwdriver, small nickel plated shuttle screwdriver, oil can filled with oil, foot hemmer and a package of five needles besides one in the machine.

The Truth About Allowances

Allowances on old machines are always misleading. Dealers' prices, of course, are large enough to let them do this and still give them a large profit. The padded price is especially unfair to the purchaser who has no old machine to turn in. When you consider an allowance, compare the net price quoted with ours. You will find that even after the promised allowance is deducted from the dealers' price we can still save you a great deal of money. **The World's Largest Store makes no allowances.** We give you the best materials and workmanship at the lowest prices, and in every case we **Absolutely Guarantee You a Saving.**

Ownership Made Easy

The ownership of the Franklin Rotary is now made remarkably easy and simple. Only $5.00 brings it to you. Then, after a trial of 30 days in your own home, using it on your own work under your own conditions and, if you are satisfied, you pay the balance in easy monthly installments. In this manner the Franklin literally pays for itself while you are using it. Should you decide, after the trial, that you do not wish to keep this machine you may send it back and your money, with transportation charges you have paid, will be returned. Remember, we guarantee entire satisfaction with your purchase and we stand back of the Franklin Rotary with this guarantee. Order Your Electric Rotary Today!

Sewing Machines Its Lowest PRICE!!!

The Minnesota Model "H"

To complete our large assortment of quality sewing machines we have built the Minnesota Model "H" head in a convenient six-drawer cabinet model. Whichever sewing machine you choose from our wide selection you can't buy more downright value than we offer you in this number. The Minnesota "H" dominates the entire sewing machine industry in every way you want to compare it, for quality of workmanship, quality of sewing, ease and efficiency of operation or length of service. Where can you buy so much value for so little money? We specialize in sewing machines. They are our "hobby." We build them as well as they can be built, because we want them to be constant reminders in the homes of our customers, for years and years, of the bargains they can get from the World's Largest Store. For this reason you can have the utmost confidence in the reliability of the Minnesota Model "H." We guarantee it for 20 years and we will gladly send it to you so you can try it in your home for 90 days before you actually decide to keep it. If at the end of ninety days you have decided you prefer not to keep it, we will return your money, including any transportation charges you have paid.

Special Design

Woodwork of selected, nicely grained plain oak finished in a rich golden oak color. Six drawers are large and roomy and fitted with wooden pulls. An automatic lifting device brings the head into sewing position when the lid is raised, doing away with unnecessary effort. When the machine is open ready for sewing the front apron folds up under the head out of the way, giving more comfort to the operator. A light running, ball bearing stand is well made throughout. In every way it is planned to give you the greatest satisfaction.

26K358—Six-Drawer Minnesota Model "H" Ball Bearing Drop Head Sewing Machine, fitted with automatic lift, plain oak woodwork. Complete with attachments, accessories and instruction book. Shipping weight, 105 pounds.

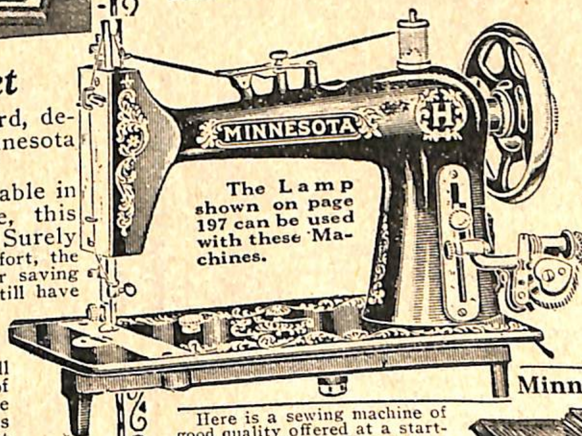
A Splendid Cabinet

$36.25

In the low priced field of standard, dependable sewing machines, the Minnesota Model "H" easily takes the lead!

Outstanding in performance, reliable in construction and bigger in value, this machine is a real buy any way you look at it. Surely there is no necessity for you longer to deny yourself the comfort, the economy and the pleasure of owning a sewing machine. Your saving on only a few dresses will more than pay for it. Then you still have all the years ahead of you when the Minnesota "H" will be helping you in countless ways to have more of the luxuries as well as the necessities of life.



We guarantee the Model "H." We guarantee it against all defects of material and workmanship for 20 long years of reliable service. Naturally we couldn't do this unless we were sure of the quality of every small part that goes into it, unless we knew the precision with which each part was made and put together and tested. We would never jeopardize our reputation for handling only quality goods by offering you a sewing machine which didn't deliver the kind of trouble-free service you expect. The Model "H" will solve all your sewing problems. It will do your sewing in a most splendid, efficient manner, with a minimum of effort and exertion on your part. Will sew practically anything from the sheerest silken fabric to the heaviest wool wash garment.

The cabinet is constructed of selected quality oak, thoroughly air seasoned and kiln dried. On the inside of the door is a convenient pocket to hold attachments and accessories. All the everyday service of a splendid, useful piece of furniture is yours when you buy this cabinet model. Moreover, the machine is always handy for immediate use—you don't have to keep it hidden away.

The Head

The Minnesota Model "H" is one of the handsomest, most roomy, high arm sewing machines on the market. Makes the double lockstitch, the same as all high grade machines.

Silent and easy running. All bearings and wearing parts are made of steel, specially selected and properly fitted. The tension on this head is placed on top of the arm and consists of two flexible nickel plated steel plates through which the thread passes. Shuttle is cylindrical and made of fine grade steel. Self threading, being opened at one end for inserting the bobbin, after which the thread is instantly drawn into place by two motions of the hand.

The Minnesota Model "H" is a full size high arm machine. It has the same working space under the arm as the Franklin Minnesota Model "A" or any other up to date sewing machine sold anywhere.

Minnesota Model "H" Four-Drawer

Here is a sewing machine of good quality offered at a startling reduced price. If you have only a small amount of sewing to do, this fine four-drawer model will amply care for your needs. The Minnesota Model "H" Head is light running and well made in every particular, and the ball bearing stand is of our latest type. The attractively designed woodwork is of selected plain oak with gloss varnished finish. The drawer fronts are handsomely embossed and are fitted with wooden knobs. In every way this machine is a remarkable value, the best low priced machine ever offered.

In buying this machine you are absolutely protected by our Twenty-Year Guarantee of your sewing satisfaction.

New Fall Silks and Dress Goods

for Home Sewing

"*I Made It Myself!* It was no trouble at all. The material arrived from Sears yesterday and I cut it out and finished it all today. The patterns are so easy to follow and Sears have such a splendid assortment of silks and dress goods that I find it very easy to make my own clothes. You say you like the color? That's 'Chin Chin blue', one of the Sears new featured colors. They illustrate a new color on each page, about 12 or 14 colors all told, and you can be sure of just which shade you want. Yes, they show Claret, Jungle green, Pirate red, Rose beige, and all the other new colors. No, I've never found better values anywhere in yard goods, and their service is so prompt."

Dress in Style and Save Half

98¢ EACH

A little of your own time and you can make these beautiful dresses and save half. We furnish all material and trimmings, nothing additional to buy. Just follow our simple directions enclosed with each dress. Our semi-made dresses save you a lot of money and keep you correctly dressed.

The newest styles in women's and children's wash dresses. Priced 98c to $2.19. You save at least a half! Here's the secret of these extraordinary low prices: The dresses are semi-finished and everything you need to complete any of the attractive styles here illustrated is included at the prices we quote. You not alone can make a big saving—one-half or more—but you will have individuality of style both in fabric and design and the satisfaction that comes to those alone who help in the making of their clothes. Each garment comes completely designed and cut out, and in the same envelope we include all necessary trimmings, embroidery floss, buttons and diagram with full instructions—absolutely nothing else to buy. Your dress will look exactly like the illustration on this page.

KOTEX

Sanitary Napkins
Kotex is the ideal comfort napkin, and is a welcome aid to every woman. Each Kotex Pad is impregnated with a new secret deodorant recently discovered, which makes them odorproof. Kotex is made of "Cellucotton," the greatest absorbent known, and, unlike pure cotton, it never hardens, no matter how much fluid is absorbed. Kotex disintegrates when dropped into running water, making them easily disposed of without danger of clogging the plumbing. Full directions in each box. State catalog number of size desired. ALLSTATE TIRES Are America's Greatest

8 Reasons Why

1—**Quality** Only the finest materials are used in building ALLSTATE.

2—**Workmanship** ALLSTATE Tires are built by skilled mechanics with modern machinery under careful inspection and under the supervision of our engineers. They are built to measure up to the high standards of Sears, Roebuck and Co.

3—**Mileage** The real worth of any tire is the extra mileage above what you expect to get. ALLSTATE Tires have this extra mileage.

4—**Flexibility** In extra measure to give increased riding comfort and make maximum mileage possible. An unyielding tire has short life, because the cords and plies of fabric are pulled, strained and broken as the tire resists jolts. ALLSTATE Tires with the proper number of plies, of cords properly twisted to increase flexibility, avoid fabric breaks.

5—**Tread Design** Thick, sturdy and tough, built to give full road contact, insuring long, even tread wear.

6—**Protected Sidewalls** The tread design and extra ribs protect the sides against the wear of ruts, etc.

7—**Guarantee** Every ALLSTATE Tire is guaranteed against defects of workmanship and materials for a full 12,000 miles by the World's Largest Store. A responsible guarantee by a responsible firm.

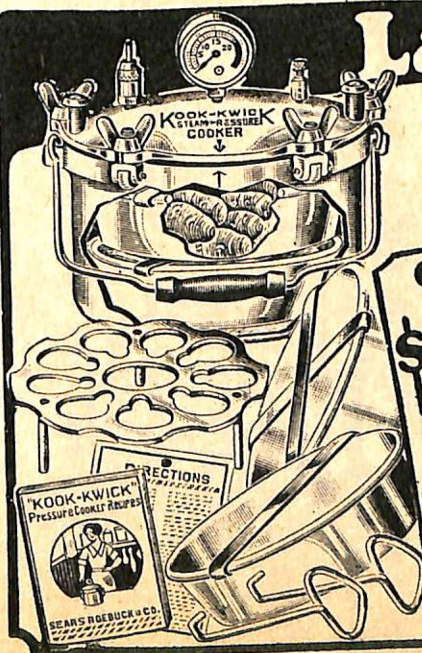
8—**None Cheaper** There is no tire that is built better, quality considered, that can be purchased at ALLSTATE prices.

TIRE users everywhere ought to know the many reasons for the Superiority and Economy of ALLSTATE Tires. Only the best scientific principles, the finest workmanship and the highest quality of materials could produce this Super Mileage Maker. Study the details and you will appreciate your ALLSTATE Tires even more, and know how and why they resist wear, last longer and go farther — outliving their 12,000-mile guarantee.

See for Yourself

Extra Miles

You men at the wheel actually *buy mileage in extra measure* when you choose ALLSTATE. Measure your tire value by "Most Miles Per Dollar" plus riding comfort and general satisfaction.



If you aren't enjoying maximum economy and superior service from your tires, it's because you have put off buying ALLSTATE.

Shipping wt., 1¼ lbs.
Keeping little girls in everyday shoes won't be such a problem nor nearly so hard on your pocketbook if you fit them out with these good grade black leather or patent leather boots. Nice enough for dress wear, too. Their red "Compo Soles" will outwear almost two pairs of shoes with leather soles and will not mark floors. Notice the extra thickness at the toe where a lot of wear comes. Foot form last, of course, and flexible, stitchdown welt sole construction.

This Shoe is one of the greatest values in the whole catalog of big values. It stands out among other work shoes like steel does over iron. It is **The Shoe** for the workingman regardless of the kind of work! No matter whether you are looking especially for foot comfort, for foot protection or shoe service or shoe saving, we still say "It's the Greatest Work Shoe Money Can Buy," and here's the reason: This shoe was made for exactly the sort of service we recommend it, and it cost the United States Government $6 to $7 a pair! Built to stand up day after day, week after week and month after month under all sorts of conditions, and in all kinds of weather. Look at the illustration above and study the different good points of the shoe, then judge for yourself if it has an equal at $2.79.

Shipping wt., 3¼ lbs.

$2.98

This Shoe, with moccasin style toe, is always popular because it combines unusual comfort with unusual durability. Made of fine, soft chrome tanned (elkskin) water repellant black leather, with a soft but strong LEATHER LINING IN THE VAMP, furnishing additional comfort. It has two full solid leather soles with a special weatherproof welt between the uppers and the soles to keep out moisture. Priced unusually low for a shoe of this quality.

Wide widths only. Be sure to state size.
Shipping wt.: Men's and Big Boys', 3 lbs.; Boys', 2½ lbs.

If you are looking for Comfort, Durability and Economy you will be pleased with this fine lightweight Work Shoe. Uppers are of genuine chrome tanned mustard color tan leather (called elkskin). Made with a medium weight "Wearflex" sole for added lightness, and an extra leather middle sole sewed to it with heavy thread. Heels are of live, springy rubber. Easy on the feet and low in price.

67K4862—Men's and Big Boys'. Sizes, 6 to 12 .... **$1.65**
67K5305—Boys'. Sizes, 1 to 5½ **1.49**

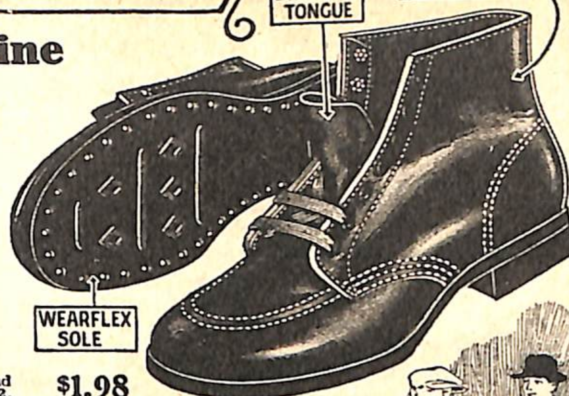
Wide widths. State size.
Shipping wt.: Men's and Big Boys', 2¾ lbs.; Boys', 2½ lbs.; Small Boys', 2 lbs.

Easy on your feet as a house slipper, and not much heavier in weight either. But for wear—what a shoe! The uppers are dark brown, soft, suede-like split leather, known generally as "muleskin," because it's so tough, and the soles are medium heavy all leather, with leather heels. For a "Featherweight" work shoe, these can't be beat for comfort and wear.

67K4651—Men's. Sizes, 5 to 12. Wide widths only. Be sure to state size.
Shipping wt., 3 lbs.

$2.48



The up to date work shoe is an oxford. Men, there's nothing like it for comfort, because it lets your feet "breathe." Here's our work oxford leader. Sturdy and comfortable, lasting and low priced. Its soft, full chrome tanned brown leather (called elkskin) uppers are good looking and easy on your feet. Its famous, "Compo Soles" will wear like iron. Heels are of good quality, live, springy rubber. An oxford carefully made in every detail, one that will stand the strain of hard wear.

Do not let the low Sears price mislead you. For this is a mighty good shoe in spite of the big saving it offers. The uppers are tan color, double tanned, smooth split leather, satisfactory both for looks and wear. Extra heavy, flexible "Wearflex" soles and rubber heels make for durability. Soles are nailed to uppers and "put on to stay." This is a real bargain shoe that we take pleasure in recommending to our customers.

Grab this bargain! The leader of leaders in value—an outstanding example of the buying power of the World's Largest Shoe Store. And how it wears! The brown chrome tanned (elkskin) uppers are soft as gloves, yet unbelievably strong. Soles are of double thickness at greatest points of wear. Leather heels. A real piece of merchandise, all the way through! **Try a pair.** Then you'll say they're **worth twice our price!**

Surprisingly long wear and amazingly big saving were the two points we had in mind when selecting this work shoe. So if that's what you are looking for, it's the shoe to order. The stout, double tanned, brown split leather is not made for dressy looks, but nothing can be said against it for SERVICE. The oak tanned leather soles (two thicknesses where the wear comes) are stoutly nailed to the uppers and won't pull loose, nor will the leather heel. Guaranteed to give satisfaction, and priced within the reach of all.

The famous Good Luck Shoe! And good luck starts the minute a man buys a pair. For our low price makes him a substantial cash saving over what he would pay elsewhere! Seldom indeed do you find a shoe with so many good points at so low a cost! It is good luck to the man who wants foot comfort, who wants durability, who wants good looks, who wants saving! No matter what your job is—no matter how rough, or how wet, Good Luck Shoes will stay by you and do all that scientifically tanned horsehide leather can do. The uppers are genuine cordovan horsehide, double tanned for added strength and then tanned again and are soft as a glove. The sole is genuine oak tanned leather, and the finest tanned, and made as nearly waterproof as leather can be with pure, fine quality beeswax. And that's the way it is in every item of this Good Luck Shoe construction. Not one single thing has been overlooked by us in our effort to make it the world's best shoe at the price! Make up your mind to order a pair right now; if you're in need of shoes. When you open the box and put them on if you don't say to yourself that they're going to be crackerjacks for looks, comfort and wear, then we'll take the shoes back and return your money. Isn't that guarantee enough? Rubber heel. GENUINE GOODYEAR WELT.

One of the biggest values of the season. It's our very best boys' boot and one that for looks, wear and genuine worth simply can't be beaten! Made with golden elk (soft chrome tanned leather) upper and neatly capped toe. The strap and buckle shown at the boot top gives greater neatness and comfort. Finest oak tanned leather sole and heel of springy rubber. And here's another big quality making construction point. The Goodyear stitching holding the sole to the upper extends clear around the heel, thus guaranteeing added strength and service. It's a boot that will give extra good wear whether for work or sport and is one that any boy will be proud of.

America's Biggest Value. That's a broad statement, isn't it? Because this galosh has **so much quality** at **so little cost** to you, we have properly called it America's Biggest Value in Galoshes. We feel safely justified in saying that the four-buckle galosh, pictured at the right, is the biggest value that our customers will find anywhere in America. By buying in carload lots we are able to quote a much lower price and still maintain our high standard of quality, so you get first class merchandise at a big saving. That's what makes a value. Made of a special gaiter cloth and fleece cloth lined throughout. For the low price paid you will be surprised at the warmth and wear you will get out of it. **Order all these galoshes the same size as the shoes they are to be worn over.**

The Way to Tell Rubber Quality is by the Trade Marks

10-karat gold is not as good as 14-karat, and 18-karat is better than either. All are gold—and look alike.

So it is with rubber footwear. You can't tell which is best unless you know the brand, just as you can't tell the quality of gold unless you see the stamp. Reputable manufacturers trade mark their rubber products for your protection, so that you may know which quality you are buying.

We are the largest retailers of rubber footwear in the world. Because: Our customers have confidence in us; they know the quality of the goods they are buying; they know our footwear is honestly built; that the price is fixed by the quality; that we sell no low quality merchandise at any price.

Rubber footwear is produced in four standard qualities: Extra quality, first quality, second (or medium) quality and third quality. Many factories do not make third quality because it is not serviceable. For that reason you will not find third quality rubber footwear in any of our catalogs.

Here are examples of some of the best known brands of rubber footwear:

Newest Fall Styles *for* Boys

Greatest Values in Years!

The curtain is up on the new styles for fall and winter. They are all here, the latest single and double breasted models in brand new fabrics of rich patterns. On this page and the pages that follow you'll find the cream of the season's output of mills famous the world over for the quality of their fabrics.

For Measuring Instructions See Page 548

We have tried to surpass even our own records of value giving this season and we believe we've accomplished it. We know that the young fellows want just about the same style lines and fabrics as their older brothers. We know that when you buy from this store you expect fabrics that will give the utmost wear, and prices that are honestly lower than they are anywhere else. And that's exactly what you get—plus the assurance that you will be completely satisfied with your purchase or your money will be returned without any trouble.

Popular Priced Two-Knicker Suit

It's not often that you find style, good looks and wear combined in a suit that sells at this remarkably low price. Stylish double breasted model with broad peak lapels. Very attractive herringbone pattern in a medium gray mixture. The cloth is all wool—sturdy, serviceable and good to look at. Extra knickers—every mother knows how much longer suits last with two pairs of lined knickers. Strongly sewed and made to stand hard wear. This is a mighty good value—you'll like it.

40K3196—Medium Gray Mixture.............. **$8.95**

Sizes, 7 to 16 years. State age size. Shipping weight, 4¼ pounds.

The New "Cloverleaf" Model for Boys

The "Cloverleaf" lapel and the high 3-button coat is just coming into its "own." We are one step ahead because we adapted this brand new style to boys' clothing. Here it is—made from an exceptionally strong, durable cloth. It is a nearly all wool twilled cassimere with a smooth surface and slow to show signs of wear. Note, too, that it is a pleasing pattern in the ever popular powder blue color. Extra good workmanship and strongly sewed and reinforced. Two pairs of lined knickers means added economy—because they double the wear at small additional cost.

40K3195—Powder Blue........................ **$8.65**

Sizes, 7 to 16 years. State age size. Shipping weight, 4¼ pounds.

The Invincible Hercules Worsted

King of Them All for Wear and Beauty

Regardless of price, you won't find a fabric that will wear as long as the all wool 18-ounce Hercules worsted in this stylish double breasted model. Quality is woven into every thread, shaped into every line of this suit. Even in old age, this suit will look like a thoroughbred. And the old age of this suit will be a good many months from the day you slip into it for the first time. No suit is free from the effects of weather conditions, nor will any suit wear forever. But this one comes closer to it than any of them. It is pre-shrunken and fast color. An occasional pressing will make it spring into the neat, crisp appearance of newness and it will hold a press remarkably well. Comes in dark gray or navy blue in the two-button, double breasted model with rolled lapels. Coat and vest are fully lined and pants are made with the popular wide bottoms and cuffs, regular pockets and belt loops. The Hercules is the King of Values as well as of wear.

40K3237—Navy Blue All Wool Worsted........................ **$11.95**

40K3193—Dark Gray All Wool Worsted........................ **11.95**

Sizes, 9 to 16 years. State age size; also give chest, waist and inseam measurements. Shipping weight, 4½ pounds.

You Boys Who Want the Best—You Mothers Who Want to Buy Wisely—Consider This Suit Before You Choose!

40K3268—All Wool Navy Blue Diamond Weave Pure Worsted Long Pants Suit With Vest........ **$12.95**

40K3293—Same Suit With Extra Pair of Long Pants............ **$16.45**

The difference between the best suit and the worst is not always something the unskilled eye can detect. Time alone can prove true superiority. And the test of time will point favorably to the superb quality in this suit. There is quality in the fabric, in the little hidden details of workmanship, and in the new style lines. The suit is made of a rich, durable all wool pure worsted in a new diamond weave, navy blue in color. This fabric has no superior when it comes to wear. The cut is the popular three-button double breasted with lapels, slightly rolled. The coat and vest are fully lined with a fine wool alpaca lining and the vest has five buttons and four pockets. The pants are wide at the bottoms and have cuffs. Excellently tailored down to the remotest detail. Your fit is assured. The real short cut to economy, after all, is by way of the best quality and that is just what you get in this suit. Remember, too, an extra pair of pants means extra wear for the whole suit.

Sizes, 9 to 16 years. State age size; also give chest, waist and inseam measures. Shipping weights: One-pants suit, 3¾ pounds; two-pants suit, 4¾ pounds.

The "Ace" of All Coats for Wear, Warmth, Quality and Economy

No coat anywhere will stand hard use like this one, and certainly there is no coat that will give its wearer more comfort in zero weather. It's made of dressy, tough, pliable black horsehide and lined with excellent quality sheepskin—a quality coat from start to finish and a big value at our low price. Made in single breasted style with facings of sturdy corduroy. Two muff pockets, two large lower pockets and belt all around. Sleeves lined and have adjustable tabs. Wide beaverized sheepskin collar.

Sizes, 8 to 18 years. State age size. Shipping weight, 6 pounds.

40K3853—Black Horsehide Sheepskin Lined Coat........ $13.45

Just Like Our Men's Famous Sheepskin Coat

Here is news for you! Boys' better quality sheepskin lined coats at lower prices. They are made of good weight drab moleskin, specially processed to repel water, and lined with choice pelts of sheepskin. The combination is a coat that is absolutely weatherproof. The collar is of beaverized sheepskin and turns up high, shawl style. Made in the double breasted style illustrated with two large lower pockets with flap, two muff pockets and belt all around. Five features place this coat in a class by itself. They are: Strong leather corners on the pockets to prevent ripping, sturdily reinforced armholes, closely knit sleeve wristlets, double moleskin thickness, the high quality of the sheepskin lining, and the water repellant moleskin. Still we keep the price down, actually lower than the price of an ordinary sheepskin coat.

WE ARE making clothing history right here! In our constant efforts to give you more for your money, this big new idea, Sears *"Great Store for Men,"* was born. It's a new scheme, this *"Great Store for Men,"* and it's the result of searching every nook and corner of the great clothing industry. We went from the mills to the big retail stores—from one coast to the other—to markets everywhere, to the world's foremost clothing experts, and then we analyzed our own 40 years' experience of selling clothing. From this tremendous mass of information, and you'll admit that it is huge, came this new idea—a *"Great Store for Men."*

And here is what it means:

1—Unusual values—big savings to you. (The spot cash we pay makes this possible.)

2—Finer materials than ever before.

3—Latest styles, selected models.

4—Far greater variety of colors and patterns.

5—Absolute guarantee of satisfaction.

On these five factors (things that interest you most) we have built this new scheme of merchandising and selling men's clothing. In other words, when you get nothing but strong, durable fabrics—the newest of new styles—rich, colorful patterns, big, honest values and a real guarantee of satisfaction, certainly you'll want to buy from Sears *"Great Store for Men."*

Look over every page of this men's section and see what this big new idea in retail merchandising brings you this season. It is well worth your while.

Another Great Suit Bargain! One or Two Pairs of Trousers

Again our "Great Store for Men" scores a bargain! We bought this special lot of all wool silk stripe worsted way under the regular market price. Suits made of this cloth usually sell for at least $5.00 more. The fabric is a fine grade all wool worsted, hard finished and wear defying. Colors are silk striped dark blue and dark brown—two shades that are in vogue now. We urge you to buy these suits with extra trousers. Not only will you double the wear, but two-trouser suits of this quality are not often sold for so little money. Conservative coat, full alpaca lined. Regular vest and cuff bottom trousers. Good tailoring throughout. Men! It's another great bargain! SIZES—34 to 44 inches chest, 29 to 42 inches waist and 29 to 35 inches inseam. State measurements. Shipping weights, 5½ and 6½ pounds.

The Diamond Weave Is Popular This Season

Most men look well in a double breasted coat—a slender man particularly so. This model is stylish in cut and is made well. Has wide lapels, slightly fitting waist and square shoulders. The diamond weave holds its popularity for both business and dress wear, because this unusual swagger pattern has an appeal to older men as well as young men. The fabric is pure all wool worsted, hard finished and will give extra good service. The color is dark blue—and don't forget that dark blue is very fashionable. The coat is full alpaca lined. Cuff bottom trousers. Regular vest. All in all this is an outstanding bargain at this price. **SIZES—34 to 42 inches chest, 29 to 40 inches waist and 29 to 35 inches inseam. State measurements.** Shipping weight, 5½ pounds.

Two Materials—Two Prices—Never More for Your Money

We've succeeded in giving the young men the popular blue pencil stripe at a price they can well afford. Two materials at two different prices, cassimere or worsted. The lower priced suit is a cassimere, about one-half wool, strong, one that won't shine easily. The higher priced suit is made from pure all wool worsted, with silk stripes, a sturdy, durable fabric that will give excellent service. The color scheme is dark blue with lighter color pencil stripes. Both are well made. Coats are full lined with alpaca. Regular vest and cuff bottom trousers. For long wear and extra service we recommend our all wool worsted. In any case, whichever suit you buy you'll never get more for your money. **SIZES—34 to 42 inches chest, 29 to 40 inches waist and 29 to 35 inches inseam. State measurements.** Shipping weight, 5½ pounds.

Dashing Styles in Colorful Patterns

Style, Service and Good Looks at a Price You Can Afford

Dark colors are very appropriate for double breasted suits. That's why we chose these two fabrics. One a pure all wool worsted, is a very serviceable fabric and good for several seasons' wear. The dark blue color is relieved by silk stripes of silver color. The other material is a standard navy blue serge, fine twilled and has a hard wearing surface. A splendid model, too. Styled as it should be and tailored extremely well. Coat is one-half lined with alpaca. Trousers have cuff bottoms. Regular five-button vest. Style, service and good looks—that's only the beginning. Value at a price lower than usual is what we really want you to know about. **SIZES—34 to 42 inches chest, 29 to 40 inches waist and 29 to 35 inches inseam. The Buyers Today Are Boosters Tomorrow!

No other suit value has been favored with such enthusiastic "word of mouth" advertising. Men, everywhere, who bought these quality suits, liked the fabric and make so well that they spread the good news. This is an unusually high quality fabric such as is found only in fine custom tailored suits. New patterns, marvelous colors and excellent tailoring, just right for fall, tell the story. This cloth is made by one of America's foremost woolen mills—it is a silk striped all wool pure worsted, hard twisted and great for long wear. Coat is one-half lined with alpaca. Regular vest. Cuff bottom trousers. Buyers today are boosters tomorrow. **SIZES—34 to 42 inches chest, 29 to 40 inches waist and 29 to 35 inches inseam. State measurements.** Shipping weight, 5½ lbs.

The World's Best Quality Overall

HERCULES

Extra Heavy 8 Oz. Pre-Shrunk Denim

$1.55 Each Garment

The Hercules Proves Its Own Claims

We say the HERCULES is the best overall made. We say it is the World's Biggest Overall Value. Those are pretty strong claims and they are not made thoughtlessly. The HERCULES bears them out every time. We have put it squarely up to the men who know overalls—men who wear them six days a week—and the HERCULES has never failed to make good. It has probably been compared one time or another with every overall on the market, and it has had the best of it every time. Every one we sell means more sales for us because other men see them and want them.

A man can get very enthusiastic over the HERCULES. It is a good looking overall. And it is so almighty comfortable—cut over roomy patterns to insure comfort and freedom of action to the wearer. For long wear it's like a suit of armor.

"Double Service" Denim—The Best Made

"Double Service" Denim is the only material that ever goes into a HERCULES Overall—**the best denim that can be made.** One of the world's famous denim mills makes it—specially and only for us—an extra heavy 8-ounce cloth with blue face and white back. This 8-ounce means exactly what it says, full 8 ounces to the yard, more threads to the inch and greater resistance to strain and general wear than ordinary denim can possibly give.

Before the material is cut every yard of this "Double Service" 8-ounce denim is shrunk both by water and steam. This is done to reduce the shrinkage which commonly follows the washing of the ordinary overalls. HERCULES Overalls are roomy and comfortable when you get them. They remain roomy and comfortable after their first washing or any washings that follow. HERCULES never binds anywhere.

Pockets, Pockets Everywhere!

Then, there is the immense convenience of the pockets—pockets everywhere, for general use and for special use, including pockets with guarded openings so that your watch, or your small tool, or your knife can't fall out.

We couldn't think of a thing to do to make the HERCULES Overall better this season except one; we added another pocket on the apron. It is a dandy big pocket, too, self faced and with button flap to prevent contents from falling out.

There are fifteen big features in the making of the HERCULES Overall—fifteen reasons why it is the most desirable work garment you can buy at any price. Here they are:

Fifteen Big Features

1. **"Double Service" Blue Denim**—Specially woven, full 8 ounces to the yard. More threads to the inch than usual.
2. **Pre-Shrunken**—Every piece thoroughly shrunk in water and steam.
3. **Seams Guaranteed Not to Rip**—New pair of overalls if they do.
4. **Roomy—Big All Over**—Mighty comfortable. Does not bind anywhere.
5. **Pockets Double Stitched and Bar Tacked**—Every pocket double stitched for greater strength and longer wear.
6. **Overall pockets Self Faced**—Longer life to the pocket edge.
7. **Reinforced Jacket Pockets**—Extra lined at bottom with long wearing heavy drill.
8. **Guarded Pockets**—Special guard for rule and watch pockets prevents contents from falling out.
9. **Inside Jacket Pocket**—A rare convenience, big and handy.
10. **Hammer Strap**—Broad and strong.
11. **Adjustable Cuffs and Collar**—Two sets of buttons allow loose or snug fit as desired.
12. **Rustproof Buttons**—Guaranteed not to come off.
13. **Lined Suspenders**—Lining holds suspenders flat—no twisting or curling.
14. **Each Leg Has Two Seams**—Hang better—fit better.
15. **Big, Roomy Pocket**—With buttoned flap on bib. New. Handy.

The HERCULES Overall, with these fifteen practical features, combines all the good points of every good overall made. Compare it with any other overall made. Compare it with overalls sold in your community at $2.00 to $2.50. If it isn't better than anything else you can find—send it back. We will, without question, return your money, including all transportation charges.

When ordering be sure to state waist and inseam measures of overalls and chest measure for jacket. See measuring instructions on page 548.

Heavyweight Moleskin Cloth, Sheep Lined

Over 100,000 satisfied customers have worn and been pleased with our extra big value Sheep Lined Moleskin Coat. It is known from one end of the country to the other. It is made specially for us and sold only by us. It is made to our rigid specifications, under our direct supervision and carries our broad guarantee to satisfy you perfectly. The splendid materials are capable of the utmost in wear. The sturdy workmanship, the very unusual roomy comfort of this coat and its practicability will satisfy you thoroughly.

Now! A Better Coat for Less Money—and Waterproofed, Too!

We have always been way below the market in price for a coat of this quality, but now **you actually pay less money than ever before**—it's a **bigger value** than ever! On top of that you get a coat **which protects you absolutely from wind, rain, sleet and snow.** Because, fine as this coat has been, we have done the other thing necessary to place it above all other sheep lined coats in its class—we have treated the heavy moleskin cloth with a special process (no rubber used) to make it waterproof. **Weatherproof!** That's the word. **It is proof against any and all kinds of bad weather.**

Six Outstanding Features

The sheepskin lining is carefully selected from the finest to be had, generously soft, thick, woolly—warm! Soft knit worsted wristlets fit snugly around the wrists.

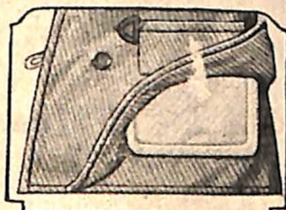
Heavy strips of leather reinforce the pocket corners, preventing them from ripping and tearing.

The armholes are specially reinforced to give longer wear and to permit free movement of the arms without ripping or tearing.

A seemingly small, but highly important, improvement are the guard buttons which, on the inside of the coat, back up every big button. No more buttons pulling off. Note the illustration of some of these features at the right.

The price is possible only because of the enormous quantities we buy. We believe confidently that no one but Sears can possibly give such genuine quality for so little money.

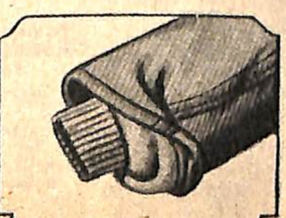
Sizes, 36 to 46 inches chest. Length, 36 inches. State chest measure taken over vest. Shipping weight, 7¼ pounds.



41K552 — Genuine Sheep Lined Waterproofed Drab Moleskin Coat. $7.98

Guard buttons—keep buttons from coming off.

Genuine moleskin cloth specially processed—water proof.



Big, extra wide roomy swinging pockets between inside and outside lining—weatherproof — stormproof.

Real leather tacked at each end of pockets to prevent ripping and tearing.

Reinforced armholes prevent tearing of sleeves.

Knit worsted wristlets grip the wrists snugly.

The Most Popular Hunting Coat We Sell

Snag Proof—Wear Proof—Waterproof

We doubt if you can find a better all around hunting coat than this at any price anywhere. We know you can't find one at anything like our price that will give you what this coat will. In the first place, it is made of the best quality heavyweight waterproofed army khaki color duck. It is full lined throughout body and top sleeves with the same cloth—a double thickness of this wonderful fabric. It is proof against wind, rain, cold, snags and the toughest kind of hard wear. Good quality corduroy collar. The corduroy faced cuffs are adjustable, buttoning snugly to the wrists when desired. Shoulders are heavily reinforced. There are ventilation eyelets under the arms. Handy match scratcher inside of lapel. All around blood proof game pockets, with both inside front and back opening. All outside pockets have flaps and button fast. All pocket openings are bar tacked—strengthening them. Every hunting fan will appreciate this splendid bargain and what a thoroughly complete and practical garment it is.

Sizes, 34 to 48 inches chest. State chest measurement taken over vest. Shipping weight, 6 pounds.

Sweaters for Boys and Youths

How to Order Sweaters for Boys and Youths

Boys' sizes are from 24 to 34 inches chest measure and are made to fit boys from 5 to 13 years old only.

Youths' sizes are 34 and 36 inches chest measure, and are made to fit boys 14, 15 and 16 years old only. To get correct size, measure around chest under armpits when wearing a shirt or blouse and then order the next larger size; for instance, if chest measure is 30 or 31 inches, order size 32. By following these instructions you will receive a sweater that will fit properly.

Others Generally Ask $37.50 for a Bike of This Quality

Our Single Bar Motor-Bike is furnished in 20-inch size only with a drop in the frame bar permitting adjusting the seat post for comfortable riding for all riders of 22-inch frame bicycles.

The frame is 1-inch bicycle tubing with flush joint reinforcements. Front crown is of up to date, late type, triple truss keystone arch design.

Tire equipment is the well known high grade U. S. Chain Tread Tires, 28x1½-inch size. (See page 454 for detailed description and illustration of these splendid tires.) The equipment includes the following excellent features:

De Luxe handle bars with reinforcing bar; 5-inch gripwell grips. Troxel Top Notch saddle with high grade leather top and beehive cushion springs, black finish. The mud guards are of drop side style, with flat braces. The front mud guard is fitted with splasher, the rear guard with clip for fastening stand, which is furnished in dull nickel finish. Comfortable, durable rubber pedals, with adjustable removable pedal rubbers, 5/16-inch pitch Diamond Roller Chain, drop forged one-piece crank complete with 7-inch tapering pedal cranks and a light weight 26-tooth sprocket. Rims are steel, enameled to match the frame, of crescent cement type and laced with 36 spokes. A substantial leather tool bag with our regulation tool equipment. Furnished in cherry red and black finish, with darts on fork sides. Mud guards are enameled to match the frame.

It's a Beauty in Appearance and a Wonder for Endurance

Saves $8.00 to $15.00 Over Prices Asked by Others

A duplicate, on a smaller scale, of our regulation type ELGIN Bicycles. A real bicycle at little more than half the price of the slightly larger boys' model bicycles. This is a splendid model for little fellows with inseam measurement from crotch to heel of 16 to 23 inches. 14-inch frame of ⅞-inch steel tubing. Has metal rims with 20-inch single tube, red studded tread tires. Fitted with attractive type handle bars, complete with rubber grips and stand. Has brown leather saddle with triple coil easy riding spring and adjustable saddle clamp. Rubber pedals. Complete with front and rear mud guards with substantial braces. Sprocket has 20 teeth; high grade Diamond roller chain. Hubs are ball bearing, spindle type. Hubs, sprocket and spokes nickel plated; all other parts red enameled, matching frame finish. Frame is finished in red enamel with black stripings. Well made throughout and will stand lots of hard knocks. The finest bicycle made for small boys and priced far below its real value. Shipping weight, 38 pounds.

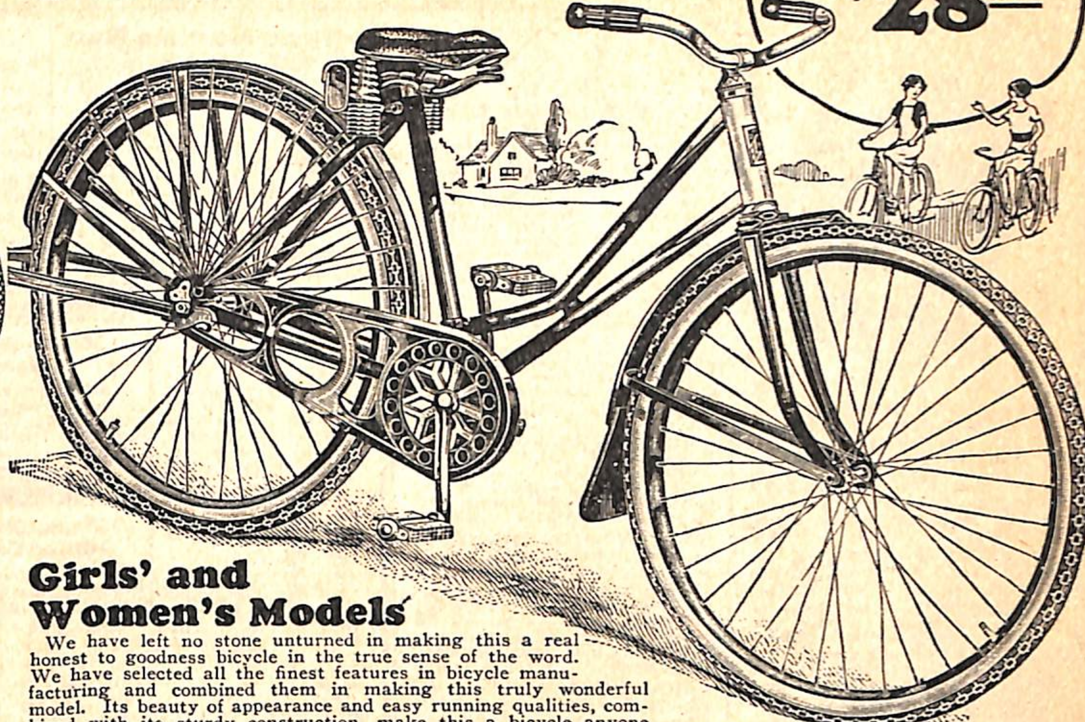
Genuine Sidewalk Bicycles

FOR FUN!



Girls' Model

Real "two-wheelers" to keep little folks safely off the streets. They are sure to be the envy of their friends. The small wheels and low construction insure safety. Made of the same quality materials, by the same skilled men, and with many of the stock parts of the regulation bicycle. Not a cheap make-shift, but a full fledged bike for the smaller youngsters. Heavy "balloon type" solid tires can't give trouble. Note these regulation features, different only in a few dimensions: Lightweight, sturdy tubular construction throughout; light **New Departure** coaster brake; rubber pedals; regulation ball bearings; drop stand support and mudguard on rear wheel. Length over all, 32 inches. Wheel base, 28 inches. Seat to pedal adjustment ranges from 21 to 28 inches; crotch to heel measurement of children 4½ to 10½ years. Shpg. wt., 25 lbs.

Car Awnings

Absolutely Theftproof

Every closed car owner should enjoy the distinction and comfort these attractive and useful theftproof awnings give, and at a very low cost. Let yourself and friends ride in cool comfort. These awnings keep out the heat, yet let in the breeze. **Do not interfere with complete vision,** but aid it by protecting you from the dangerous glaring sun and road reflections. Ingenious arrangement for attaching makes these awnings **absolutely theftproof.** Glass can be raised all the way without removing awning. Easily removed when not needed. Made of fancy waterproof awning canvas in two patterns: No. 1—Blue, gray, and white stripes; No. 2—Green and brown stripes, as in illustrations. Two-inch width adjustments. **Be sure to state pattern number wanted.**

For EXTRA Miles USE OVERSIZE TIRES

The motorist is demanding more and more riding comfort. He knows that when his car is riding comfortably it is being saved the rack and hard wear of rough going.

It stands to reason, then, that the *larger your tires are the easier they will ride,* and they will contribute not only to your comfort but the long life of your car. That is why we recommend that you *use oversize tires.* You can make the change gradually if you wish—first change your rear tires and then, later on, your front ones.

We are always glad to sell you whatever tires you may want to buy, but if you want extra long service, extra economy, and extra comfort, equip your car with oversize tires. The chart across the bottom of page 463 shows the oversizes which we recommend.

In every instance the first tire listed is the size which we most strongly recommend, but the other sizes may also be used.

Low Priced Tires!

Cords and Balloons

MILES GUARANTEED

UNTIL you have tried DEARBORN SR Tires yourself, you cannot fully appreciate what we and others tell you about these low priced mileage makers. You will continue to buy them and save more money on tires.

Popularity—The Best Testimonial of Value

You need not be an expert to see that these tires are absolutely the best lower priced tires you can buy. Your everyday motoring experience will prove it. We are as confident of their worth as the master craftsmen who built them, but to have our judgment confirmed, as it is by their great popularity with the motoring public, gives DEARBORN SR an overwhelming testimonial that assures you of outstanding value!

We guarantee our new Cushion Tires for twelve full months against defects in material or workmanship. Join the Ever Growing Army of Users of ALLSTATE Cushion Tires.

28K277¼—Size, 30x3½, complete with rim which has four lugs, to fit Fords and Chevrolet, ready for mounting. Shpg. wt., 42 lbs. **$16.45**

28K279¼—Size, 30x5, complete with rim which is flanged, ready for mounting. For Fords only. Shipping weight, 105 pounds.......... **$34.95**

Chevrolet Truck Owners

Our 30x5 ALLSTATE Cushion Tires will not fit Chevrolet wheels. We furnish special wheels for Chevrolets, at a very low price, on which our 30x5 ALLSTATE Cushion Tires will fit perfectly.

28K15240—Set of two 30x5 Truck Wheels, 12 bolts and 12 nuts. Shipping weight, 50 pounds.......... **$9.95**

We do not recommend these tires where speeds of over 25 miles per hour are required. They are for HEAVY DUTY WORK ONLY.

AIR CELL Cushion Tires

For Fords and Chevrolet

Mr. Truck Owner:—

You will do well by your tire budget, MR. TRUCK OWNER, if you invest in a set of these convenient, trouble-free AIR-CELL Cushion Tires. Let them prove their economy over a period of extra long tire life. You spend no more money on tubes or spare casings. The air cells absorb the jolts and jars to a large degree, which no ordinary "solid" tire could do.

Twice The Mileage of a Pneumatic

These money savers look somewhat like a pneumatic tire, and will give at least ***twice the mileage any pneumatic tire could possibly give,*** with none of the worries. The hidden air cells in the center of these tires insure an added springiness or resiliency which rubber alone could not give.

They LOOK LIKE PNEUMATICS

Notice the ***non-skid tread,*** and the general resemblance in shape and style of the whole tire to the pneumatic type. When you substitute Air-Cell Cushion Tires on your truck, you save real money.

Cushion Tires MUST Be Practical and Economical—We Sell So Many of Them.

28K275¼—Size, 30x3½, complete with rim ready for mounting. Shpg. wt., 38 lbs..... **$14.95**

Tire prices are subject to change without notice. However, we guarantee that our prices on tires will always make you the same large saving they have in the past, when compared with prices on other tires and tubes of equal quality.

Winter *and* Summer Dependability *for* Fords

NOTE

Measure from Bottom of Radiator to Bottom of Filler Neck as Shown in Illustration Below

RADIATOR WITH BLACK SHELL $8.69 and Up

True radiator economy lies in its reliable, year round performance. Such dependability you buy in the Reliance Honeycomb Radiator. The Reliance is made of live brass, with 74 water channels and an increased number of air cells. The core is interchangeable with the standard Ford shell. It weighs only 30 pounds and is one of the best looking radiators sold. The Reliance will withstand motor vibration and the jarring and pounding of heavy road duty.

We guarantee the core 18 months against damage due to freezing

It is more economical to buy a new Reliance Honeycomb than it is to repair or patch your old and battered radiator.

This wonderful Reliance Honeycomb Radiator combines maximum cooling surface with large water channels, permitting free flow of water at all times.

We say, without hesitation, that the Reliance is the best buy for the money that you can buy anywhere because—

1—*Both honeycomb and extra large water channel features make this a radiator which combines the best points of other radiators.*

2—*It is interchangeable with standard Ford radiator and shell.*

3—*It is so constructed that motor vibration or jarring and pounding of heavy road duty will not cause any injury whatsoever.*

4—*Reliance Radiators are so constructed that we can guarantee the core for 18 months against damage due to freezing.*

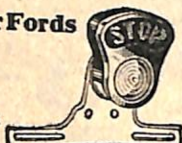
Automatic Guide Signal

The Light That Reads Your Mind

$2.98



Can be used on any car.

And now the World's Largest Store offers the newest in automobile safety lights. You may drive with ease of mind and with the utmost security, because every turn of your car flashes a message to those who drive behind you. Two strong lights attached to your license plate automatically signal the right turn or the left turn. Colored lenses of blue and canary actually read your mind, because you merely turn your wheel the slightest degree, and then, positive and sure, the automatic, high ratio switch contacts, and your direction light, with its arrow, charts your way to those behind. Very simple to install, no drilling; once adjusted there is no further tinkering and we guarantee that anyone can equip his or her car whether mechanically inclined or not. Causes no additional drain on storage battery. Detailed directions included. The Guide Signal is endorsed by experts everywhere. Sold exclusively by Sears, Roebuck and Co. Shipping weight, 2 lbs.

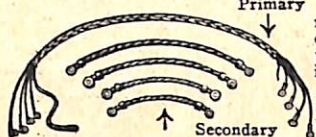
Atwater Kent Ignition for Fords

$8.95

Greatly increases the power, smooth running and flexibility of the engine. This is the same high quality Atwater-Kent ignition used as standard equipment on higher priced cars, furnished with special fittings to adapt it to the Ford car. The increase in power is readily noticeable as soon as installed on either a new Ford car or one which has been run thousands of miles.

This system for Fords is operated on the storage battery, using one Ford coil with vibrators screwed down tight. This leaves three spare coils for emergency.

Starting is easier even in cold weather, because of the extra hot spark at low speed.



Easily installed. Complete direction furnished. Shipping weight, 5 pounds.
28K10573.......... **$8.95**

Thomas Ignition System

$5.75

Eliminates poor ignition by controlling timing of cylinder explosions much more closely than usual. Similar in type to the high priced distributor systems on standard cars. Distributor head rests on elevated bracket, away from oil, water and dirt of drip pan or contact with fan belt. Operates with single Ford coil unit, the regular timer and other coil units not being used. Its use means a hotter spark, and a smooth, powerful easy running motor, giving easier starting, quicker acceleration and greater power. Complete with bakelite distributor case, elevated bracket, distributor shaft, hardened steel spiral gears and overhead wiring enclosed in supporting tube. Instructions furnished for installing. Shipping weight, 6 pounds.

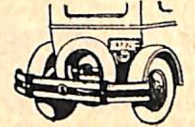
(Illustration B)
Illustration shows bumper bar which fits all models listed below EXCEPT Ford, Chevrolet and Overland Cars.

Play Safe! Buy Quality Bumpers!

You cannot afford to take chances on the road or in heavy traffic in the towns. GOOD bumpers have saved countless lives, to say nothing of material damage to automobiles.



A good, dependable bumper is worth whatever you have to pay for it. Those we list rank with the best in construction, efficiency and long life, although the prices are far below what you are ordinarily asked to pay for bumpers of as high quality.

These are of the latest popular type, made of high grade carbon, oil tempered, heat-treated spring steel. Their great strength, together with the two-parallel bar construction and wide spread, insures greater protection to car and occupants in case of collision. Bars and small parts are nickel plated on copper and polished. Clamps have turnover tips and special bridge back block holding bumper bars absolutely tight and preventing shifting or rattling. Substantial flat brackets of 2¼-inch steel, readily attached.

All Our Tents are Standard Weight

Conforming with U. S. Gov't. Specifications

Complete

All Waterproof

Waterproofed Throughout	Heavy 12 oz. Khaki Duck	Biggest Wall Tent Value on the Market

Every inch of our tents is of standard weight and measures up to the right U. S. Government specifications in every detail. The standard weight of a tent fabric always, without exception, is weighed upon a 29-inch width scale. Tent buyers should not be misled by dealers who list their weights in a 36-inch width to give the impression that their material is of heavier weight. In reality an 8-ounce standard weight fabric and a 10-ounce 36-inch width are precisely the same. So you can make a comparison we list it both ways.

Compare our tents as to fabric, webbing reinforcements, size, waterproofing, convenience features, in fact, everything that is to be found in a desirable tent with any tent on the market at anywhere near our prices, and you will find ours greatly superior in every detail.

Twenty-five years as one of the largest manufacturers and retailers of tents have enabled us to build up such a tremendous volume of business that it is possible for us to sell tents far below the average retail price. From every section of the United States we are getting letters from thankful customers telling us how satisfactory our tents have been and what great savings they have made. Order any of the tents on these pages that suit your needs and know that you have the best value for the money obtainable.

"Superior" Heavy All Waterproofed Khaki Duck Wall Tent

Here is a genuine all waterproofed khaki duck wall tent, that we believe is superior to any wall tent on the market. The "Superior" is made in our own factory under the careful supervision of our own workmen. We have spared no expense in making every little detail of this tent in the most expert way and of the finest possible materials. Our special expensive process of waterproofing makes this tent absolutely rain and moisture proof. The finest closely woven strong fiber duck, weighing 12-ounces after waterproofing is used. Tent is also mildew-proof. The heavy waterproofed top eliminates the need for a fly with this tent.

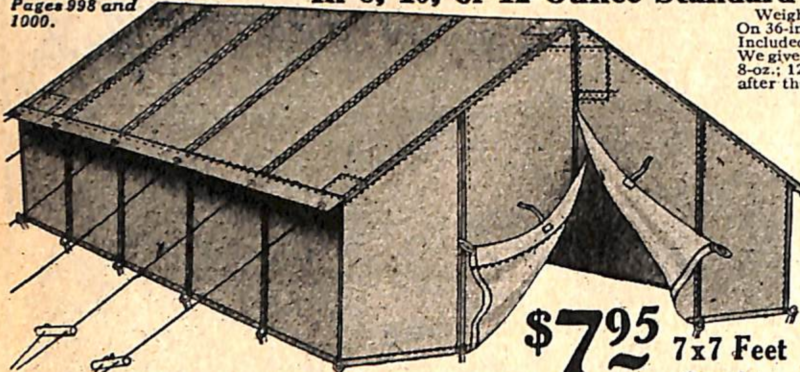
Popular "Builtwell" Duck Wall Tent Heavy Waterproofed Khaki Top (White Sides)



Our "Builtwell" wall tent is similar in every detail to our "Superior" tent, with the exception that the side walls are of closely woven white duck not waterproofed. The top, however, is of the same high grade, heavy khaki waterproofed duck. All size dimensions are the same as the "Superior." Buy the tent best suited for your needs. Because of the very slight difference in price we recommend that you buy an all waterproofed tent. Compare the quality, convenience, size and other desirable features of our tents with any other tents on the market, and you will choose from these pages.

L. C. Smith "Field" Shotgun
The Gun Endorsed by All Discriminating Shooters
Fine Quality—Accurate—Dependable

Thousands of the "Field" models are in the hands of hunters who declare it a superior gun for hard shooting. Where such service is required in the timber and the brush, there the "Field" may be found, answering the trigger unfailingly. As to shooting powers, it hits as hard and accurately as its more expensive brothers.

BARRELS—Armor steel chosen because of its strength and uniformity, which has much to do with the popularity of this model.

STOCK AND FORE-END—Cut from a very fine grade of walnut, nicely checkered. Full pistol grip, with hard rubber cap and butt plate.

ACTION—The action is one that has made the L. C. Smith gun very popular. Guaranteed not to shoot loose. Shpg. wt., 14 lbs.

IVER JOHNSON
Matted Top Rib Single Barrel Shotgun
$12.35

Trap Style Automatic Ejector

This gun has all the Iver Johnson features of high class construction. The matted raised rib extends full length of the barrel, which prevents glare and increases shooting accuracy. The barrel and lug are forged in one piece, making the gun practically unbreakable. The stock is made of selected American walnut, full pistol grip, rubber capped, and finely checkered. Fore-end is large trap style, made to match the stock. Barrel is bored to shoot at extra long range and hold a close pattern. Weights, 6¼ to 6½ pounds.

THREE PIECE TAKE-DOWN. To take down the gun, remove fore-end, open breech by pushing the top lever to the right, and take off the barrel. No screws or bolts to bother with. This simple action eliminates many parts, and at the same time allows the end of the frame to be made solid. This not only gives an extra support for the joint pin, on which the shock of explosion is exerted, but it also prevents any tendency of the end of frame to spread under firing strain.

COMPENSATING LOCKING BOLT—The Compensating Locking Bolt is an exclusive Iver Johnson feature, so constructed as to automatically take up wear, thus safeguarding the gun against shooting loose. Another point of excellence is our Adjusting Tension Bar at the rear end of the spiral main spring. This device permits of different adjustments of the spiral hammer spring.

SAFETY ACTION—When the hammer is in a cocked position, it engages the locking bolt, making it impossible to open or close the gun.

Shipping weight, 12 pounds.

Repeating and Automatic Shotguns

One of the Most Popular Repeaters Ever Made

Marlin Model 19 Takedown Repeating Shotgun

The Popular Marlin for only $29.95

$29.95

This gun has all the improvements of the latest style repeating shotguns and the well known Marlin solid top and side ejector. It has the simplest mechanism ever used in any repeating shotgun. The closed in breech block adds to the strength of the gun and also keeps out the snow, rain and dirt. The mechanism is entirely enclosed and will not clog or freeze up in cold weather. The visible hammer, always in sight, tells instantly whether the gun is cocked. Special design hammer prevents slipping off the thumb and accidental discharge. Automatic safety lock guarantees against hang fire shells but will unlock automatically every time the gun recoils from the explosion. Barrel is made of special Marlin rolled steel. Chambers bored to accommodate shells up to 2¾ inches long. Stock and fore-end are made of black walnut. Stock is 13½ inches long, with full pistol grip and 2½-inch drop. Holds six shells. Full choke bored. Weighs about 7½ lbs. Shpg. wt., 12 lbs.

for Ammunition?

You Cannot Buy Better Shells

One of the largest, most prominent factories manufactures our ammunition. Our shells are exactly the same, loaded with the same powder and shot, and made in the same factory that makes one of the highest grade, nationally advertised shells which sell at prices much higher than ours. The enormous quantities we buy and slight margin of profit we add to our low factory cost make possible our low prices. Note the extra low prices on case lots. Sears guarantee backs every shell.

Xtra Range Smokeless Shells

Get Birds That Others Cannot Reach. For Range When You Need It.

As the result of the special progressive burning powder with which this shell is loaded it actually gives 15 to 20 yards greater range and holds a closer, uniform pattern even at the maximum distance. This special smokeless powder develops great energy with very low breech pressure and light recoil, making a fast, hard hitting, close shooting, extra long range load. Loaded in a special steel locked shell which represents the strongest and best type of construction known. Loaded with uniform size, selected **chilled** shot **only.**

Do not be misguided in your selections by information from those of limited experience. Often times a good natural shooter is successful with a certain load and this influences less capable men to shoot that load. Both would be more successful with another load far more suitable. The best informed will usually choose smaller shot i. e. 6 or 7½ for all round use for all game except the larger species named in the first group.

Oneida's Jump Traps

Single Spring—Single Jaws

Oneida Jump Traps possess three distinct advantages:

1st. Lightness; this means much to trapper who has to carry his traps long distances, and

2nd. Compactness; this enables trapper to set them in small holes, dens and run ways. They lie very flat and are easily disguised or hidden, and **3rd. Jump action;** actual test has proved that the No. 1 Oneida Jump trap will leap six inches from ground when trap is sprung. Of course, the larger traps are even more active. This bound insures a good, high, secure catch, away up the animal's leg.

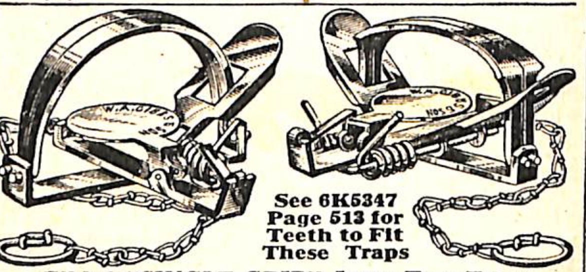
GIBBS TWO-TRIGGER TRAPS DO NOT INJURE THE PELT

"Every Catch Stays Caught"

Guaranteed Against Spring Breakage. Guaranteed to Prevent Wringing Off. Guaranteed Not to Injure Pelts.



$5.98 Dozen

55c Each

Gibbs' "Two-Trigger" Trap

Two traps in one; the inner trap catches by the leg, the same as an ordinary trap and holds the animal while the outer trap gets the grip that keeps the animal tight. Lays very flat and is positive in action. One size only. Will catch and kill muskrat, mink and martin; catch and hold skunk, raccoon, opossum, woodchuck. Shpg. wt., each, 1¼ lbs.

6K5210—Each, 55c; dozen $5.98

See 6K5347 Page 513 for Teeth to Fit These Traps

Gibbs' "SINGLE GRIP" Jump Type Traps

A coil spring trap. They are smaller and lighter than the long spring type. Are easier to carry, set flatter, and are easier to place and hide. The springs are more flexible, and will last longer than flat springs. These traps can be set by hand without resting against the body. This saves getting wet and also having to pull up the trap stake to reset the trap. The springs are guaranteed against breakage for the life of the trap.

Fur Stretcher

Approved by Fur Stretchers Generally as the Most Satisfactory

Get more money for your furs by drying them in the right shape. Many furs are ruined and much money is lost by careless handling, particularly by using fur stretchers with sharp edges which damage the fur. This stretcher has no sharp edges. Furs are dried in short time as air circulates through them thoroughly, and prevents molding. Made of steel wire and coated with tin to prevent rusting. Has adjustable hook to stretch fur lengthwise. This gives it perfect shape and higher market value. Can be used indefinitely. Shipping wt., each, 8 ounces.

A match a scratch and it's lit!

$5.48 With Pump Separate

BRIGHTNESS OF 20 LANTERNS IN ONE

Always Ready for Use—Any Time—Anywhere—In Any Kind of Weather

A lighting marvel for out-of-door use in city, town and country. Unaffected by high wind, rain, snow and sleet, it can be carried right through the fiercest storm. This lantern is nationally advertised under a different name and sells for $9.00 with pump built in, $7.50 with separate pump.

Burning ordinary gasoline, the 2 mantles develop 400 candle power light or 20 times the candle power of an ordinary kerosene lantern. And with all this additional light it is very economical. Costs only one-third cent per hour to operate. It is safe and clean and will not explode if dropped or upset.

It has proved indispensable to every farmer, ranchman, planter, dairyman, poultryman and truck-gardener, for night and early morning choring. Used extensively by warehousemen, night-watchmen, liverymen, and hotel keepers; just the thing for campers, travelers, hunters and sportsmen; popular for chautauquas, camp meetings, shows and carnivals; splendid for street lighting in small towns and resorts.

Two outstanding features of the White-Lite are the very bright penetrating light and the patented cone shaded generator which lights very quickly and does not easily carbonize. Other gas lanterns sold elsewhere without this feature require much longer to light and clog more easily. Gasoline container made of heavy brass. Other parts of brass and metal, nickel plated. Mica globe. Lantern stands 13 inches high exclusive of handle and weighs 3½ pounds. Gasoline container holds one quart which will burn from 12 to 14 hours. Shipping weight, 6 pounds.

Linen Gill Nets

Can be set where it would be impossible to use a Seine, Hoop or Trap net. As a rule, Gill nets are fished on the bottom, floats hold them up like a fence, but they may be floated near the top with good results. Be sure to order mesh large enough for head of fish to be caught to enter. All our Gill Nets are hung on a one-half basis, that is, 200 yards of netting hung to make a net 100 yards long. **All sizes carried in stock.**

FOR CHILDREN OF ALL AGES **MERREMAKER** SEARS LOW PRICES

A Complete Playground at a Low Price

A Slide, Teeter Totter, and Merry-Go-Round, All in One
Three popular "playtime" features at a lower cost than the usual price for one.

The same fine construction and quality of the Merremaker is usually found only in much higher priced equipment. The Merremaker is rigidly constructed of clear selected wood and the strongest steel. Easily set up or changed to any of the three features shown in illustrations. Finished in a bright red enamel with weatherproof spar varnish. Board for slide, teeter totter and merry-go-round is a solid piece of smooth, fine grained wood, 9 feet long by 14 inches wide. Strong ladder is 6 feet long, hinged in center to form support for teeter totter and merry-go-round. Steps, solidly bolted. Take advantage of this splendid value and keep your children a home with healthful muscle-building play. Shipping weight, 50 pounds.

Popular Merremaker Gym

Trapeze, Rings, Horizontal Bar and Swing

As a muscle and health builder, source of constructive fun for the kiddies, and as an unusual value, there is nothing finer that we can recommend than the Merremaker. The four features, as illustrated below, and to the right, offer so much variety of play that the children never tire of this apparatus. They can play on the swing one week, the rings the next and the trapeze the next and so on. The Merremaker gym can be used all the year round. Is rubber padded, for wintertime use in the playroom, basement or attic. Is 7 ft. high and 5 ft. wide. Finished in an attractive red enamel with a weatherproof spar varnish finish. Strongly constructed of clear selected wood and steel at the points of greatest strain. Tested to hold 700 pounds. Heavy chain swing is securely bolted to top beam. Seat, trapeze and horizontal bar made of fine grain selected wood. Smooth finish iron flying rings. Easy to set up in 10 minutes. Shpg. wt., 40 lbs.

Our Government needed the strongest, toughest, wear resisting shoe that could possibly be made—a shoe that would practically NEVER WEAR OUT. The "brainiest" experts of the best factories making men's work shoes were called in. They submitted their very best ideas and this is the shoe that was finally accepted. This shoe cost the United State Government $6.00 to $7.00 a pair. **And did it "stand the gaff?" Ask the man who wore it!** He will tell you how it wore months—over concrete roads, cobblestone streets, shell torn battlefields, through barbed wire entanglements, in mud and water—the severest wear to which any shoe was ever subjected—and without the least care whatsoever. **And it wore!** No wonder. **See how it is built!** (Study the illustration.) They're GENUINE GOODYEAR WELTS. Get your pair today! Put them through the hardest work you can. Then if you aren't convinced that at last you've found the GREATEST WORK SHOE MONEY CAN BUY, send them back at our expense and your money will gladly be returned.

Note These Special Features:

1. Tongue Gusset Sewed to Upper to Keep Dirt and Water Out.
2. Solid Leather Counters Made of Best Sole Leather.
3. Eyelets Heavy Brass.
4. Triple Stitched With Wax Thread.
5. One-Piece Full Vamp With Toe Cap Stitched Four Times.
6. Full Grain Heavy Oak Tanned Leather Innersoles.
7. Two Full Grain Leather Heavy Outersoles.
8. Canvas Packing Between Inner and Outer Soles to Keep Shoe From Creaking.
9. Solid Leather Heels.

It's Easy to Order

You can be sure it is easy to order from the World's Largest Store, for in a single year we receive more than 35 million orders from men, women and children in all walks of life, in rural communities, towns and cities, in every part of the United States. We in turn find their orders easy to understand and we guarantee satisfaction to all.

Be Sure to Come and See Us

WHEN you are visiting in Philadelphia be sure to come and see us. Our store is located in the northeast part of Philadelphia on Roosevelt Boulevard, and is easily reached by elevated train, surface car, automobile or bus. Any officer or trainman will gladly direct you how to get here. The bus lines from the city pass our door.

If you come by auto, you can park your car here as we have ample free parking space.

We will gladly show you through the Philadelphia home of the World's Largest Store. If you wish to order while here, you will be free to do so. At our retail store here you can buy over the counter and take your purchases with you if you so desire. Most of the articles shown in our catalog are on display.

WRITE IN ANY LANGUAGE. We can read it. There will be no delay on this account. You may use either pencil or ink, whichever is handy. It is better to use one of our order blanks which you will find in the back of this catalog. We also enclose order blanks in your shipments and you can keep those in your catalog for use when needed. In addition, we will mail you more order blanks free on request. If at any time you have no order blank, it will be all right to use any plain paper. The suggestions on this page will help you to write up your order.

Name and Address

We like to have you write or print your name and address on your orders VERY PLAINLY. It enables us to avoid mistakes in addressing packages or letters.

Always Write Your Name the Same Way

For example, if your name is Richard T. Jones, write the first name, middle initial and last name every time just that way; or if you write it R. T. Jones, always write it that way. If you have no middle initial, please write the first name in full.

The Family Should Order Under One Name

If possible, have all the members of the family order under **The Name of the Head of the Family.** This simplifies our records.

When Changing Your Address

If you have moved since you sent us your last order, be sure to give us your former complete address, as well as your new address. We can then send your catalogs and other mail to your new address.

Necessary Information on Orders

Put down the number of each article you select; the names of the articles and the sizes and colors where necessary; and fill in the price.

How to Send Money

We require payment in full with orders, unless otherwise stated. You are perfectly safe in sending payment since our guarantee protects you. You can send the money to us in any of the following ways:

1—Postoffice money order.
2—Express money order.
3—Bank draft.
4—Cash by registered mail.
5—Personal check.
6—By telegraph.

Your order and money may be sent by telegraph when YOU ARE IN A SPECIAL HURRY. The telegraph company will arrange this for you. Be sure to give your complete address in your telegram.

If you live on a rural route you can give the letter containing your order and money to your carrier and he will buy a money order for you at the postoffice and enclose it in the envelope with your order and mail it to us. This is a ruling of the Postoffice Department and you are protected by the carrier's receipt.

Shipping Information and Charges

All transportation charges are to be paid by our customers. In the description of each article in the catalog we give the approximate shipping weight.

Parcel Post

By adding up the weights of the articles you order and referring to pages 542 and 543, you can tell what the postage will be. Add this amount to your order in case you are asking us to ship by parcel post. If too much is sent for postage, we will return the balance. **Do not send stamps for this purpose, but include the proper amount in your remittance.**

Express

When goods are to be shipped by express, and there is no agent at your railroad station, please tell us the nearest convenient station at which there is an agent and where you can get the shipment and pay the charges.

It is not necessary to include with your order additional money to pay charges. You may pay charges to express agent when shipment arrives. Charges are the same either way.

See pages 544 and 545 for express and freight rates.

Freight

When goods are to be shipped by freight, it is best to pay your agent the charges when the shipment reaches you. If there is no freight agent at your shipping point, you should send additional money to prepay the freight charges. It is only necessary to prepay freight charges when there is no agent at your station. Charges are the same either way. When goods are shipped from a factory or warehouse you pay the freight from the town where the factory or warehouse is located instead of from Philadelphia.

Freight Is the Cheapest

Parcel post and express rates are low, but the cheapest way of shipping is by freight. While we welcome all orders, large or small, for parcel post, express or freight shipment, we find the biggest savings are made by our customers who plan their purchases in advance and order them all at once shipped by freight.

If You Order Goods Sent by Freight or Express—Be Sure to Give Your Shipping Point—If It Is Different From Your Postoffice.

When You Do Not Tell Us How to Ship

In this case we will consider that you have left it to our judgment and we will ship your goods the way it will be to your best advantage.

Factory Shipments Save You Money

We can save you money on some of our heavier and bulkier articles by shipping them direct from the various factories where they are made or from a warehouse. That saves freight and cartage to our store, double handling and other expenses. The descriptions tell you when goods are to be shipped from factory or warehouse. If you have any of these articles on your order, the fact THAT THEY WILL BE SHIPPED SEPARATELY should be considered in deciding whether the remainder of the order should be shipped by parcel post, express or freight. Of course, by far the greater part of our merchandise is shipped direct from our store.

We ship promptly from all our factories as they usually carry a large stock of finished articles. Shipments in most cases are ready to go as soon as orders arrive. There is practically no delay. Where extra time is required, our descriptions state it, or if a delay is necessary, you are promptly notified.

If Necessary to Return Goods Please Follow These Simple Directions

If you ever have occasion to return any merchandise, we can give you **better service** if you follow these instructions:

Please tell us WHY the goods you are returning are unsatisfactory. We ask this because we are anxious to still further improve our merchandise and our service in any possible way. If you give the REASON WHY you are not pleased it may help us to prevent similar faults in other shipments.

To Return by Parcel Post

If you return goods by parcel post, paste an envelope containing your letter and the bills to the outside of the package and put a 2-cent stamp on the envelope in addition to the postage on the package. In this way we will receive your letter and the package at the same time and can attend to your wishes promptly.

This Shows You How a Package Should be Wrapped and Addressed When Returning Goods to Us by Parcel Post

DO NOT ENCLOSE YOUR LETTER INSIDE THE PACKAGE AS THIS IS CONTRARY TO POSTAL LAWS

Notice to Customers on Rural Routes—Postage on packages mailed on a rural route is 2c a package less than if mailed from a postoffice, but to secure this advantage the words "MAILED ON RURAL ROUTE" must be written on package.

To Return by Express

Packages which cannot be returned by parcel post and which are not heavy enough to move by freight should be packed securely, addressed to us and shipped by express.

To Return by Freight

BEFORE RETURNING GOODS SHIPPED FROM A FACTORY please write us. We ask this so we can tell you whether we want the goods sent to our store or back to the factory. If we have asked you to return merchandise by freight see that it is packed securely and addressed to us.

When returning merchandise by either express or freight, your full name and address should be placed on the inside or outside of the package. Place the word "FROM" in front of your name. Your agent will give you a receipt and this should be mailed to us at once with your letter explaining your reason for returning the merchandise. If your postoffice is different than the town from which the goods are returned, be sure to tell us.

It's Easy to Order From the World's Largest Store

It is so easy that a child can order from Sears! All you have to do is to pick out the things you want and write them down on the order blank, as shown on the sample order. If you haven't an order blank, plain paper will do. Write with either pen or pencil, whichever is handier for you, and write in any language you wish, we can translate them all.

The more you order by mail, the more convinced you will be that the mail order way is the easiest way to order the necessities of life.

Simply give correct catalog number, quantity wanted, the name of the article and, wherever necessary, state size and color. Figure up the total cost of the articles ordered and enclose amount required. Should you desire to have the goods shipped by parcel post include enough to pay postage according to weight. Should there be more than necessary we always return the balance.

Here is a sample order written on one of our order blanks just to show you how easy it is to order from Sears.

It's Easy to Measure for Clothing

Our clothing is carefully made according to correct size standards. You do not need to order larger sizes than we specify. Our descriptions tell you the size range and you can order with the assurance that, if your size is listed, we guarantee the garment will fit you. Our sizes are obtained by securing the average of thousands of men, women and children in each size, and we believe are the most accurate standards in the country.

We Guarantee to Fit and Please You

How to Take the Measurements

Stand in your natural way, breathe regularly and do not expand chest; also take everything bulky out of your pockets.

Chest. Take measurement over vest. Measure all around body at chest, close up under arms, snug but not tight. Tape measure should be over shoulder blades at the back. See line marked A on Figure 1.

Waist. If you wear a belt, take it off and take your measure over pants all around body at waist. Your waistline is just above hip bones. Feel sides for location of hip bones. See line marked B on Figure 2.

Inseam. This is to show length of pants leg. Stand straight and draw pants well up in crotch. Measure from close up in crotch to bottom of trousers, at length desired. See line marked C on Figure 2. For cuff bottom trousers measure 1 inch shorter than for plain bottom pants.

Figure 2

What Measurements to Give in Your Order

Suits. Give chest and waist measures and length of inseam; also height, weight and age.

Coats of All Kinds, Jackets, Raincoats and Overcoats. State chest measure taken over vest; also height, weight and age.

Vests. Give chest and waist sizes; also height, weight and age.

Pants (Both Dress and Work Pants) and Overalls. Give waist size and length of inseam; also height, weight and age.

WOMEN'S, MISSES' and JUNIORS'

Coats, Dresses, Knickers, Blouses, Raincoats, etc.

HOW TO TAKE MEASUREMENTS:

Always Pull Tape Close but Not Tight.

Actual Bust Measurement
For any garment, be sure to measure over very largest part of bust with dress or blouse on. Tapeline in back must run on shoulder blades and not below them.

Actual Waist Measurement
This measurement is very important when ordering knickers and skirts. Please do not allow *extra*. Give actual tape measurement, over dress or blouse.

Do Not Allow. We Will Make All Necessary Allowances.

Actual Lower-Hip Measurement
This means very *largest* part of figure below waist. Do not "allow." We will make all necessary allowances. Measure over dress or skirt.

Length Garment Desired
For dresses, coats or raincoats, measure down back from neckline to hem, as shown in small diagram, N to L.
For skirts measure down front from waist, as shown (W to S).

Give Each Measurement as Stated in Description of Garment You Are Ordering.

Height
Knowing your height, we can use the very best judgment in sending you the proper dress, coat, suit or knicker. Give weight, also, if you desire best possible fit

Tell Us This—Do you like to wear your garments loose-fitting or close-fitting? See space for answer on order blank.

Use Clothing Order Blank in Back of This Catalog

You Will Be Delighted! To learn how easily and quickly you can be correctly fitted when above information is given to us. Our years of experience enables us to determine from these measurements exactly what size garment will fit you.

Sweaters

A roomy sweater will give better service. Your proper sweater size is 2 inches larger than actual measure.

Women's Sweaters: Measure all around body at bust over blouse or dress. To your actual bust measure add 2 inches. For example, if your actual bust measure is 38 inches, order size 40 sweater.

Men's Sweaters: Take measurement around body at chest over vest and order sweater 2 inches larger than your chest measure. For example, if your chest measure is 40 inches, order size 42.

For children's and misses' sweaters, give age size.

To Measure for Boys' Long Trousers and Long Trousers Suits

For suits, measure boy's chest, waist and inseam, as shown in figure 7 at N, P and R. For trousers, measure waist and inseam only as in figure 7 at P and R. Our boys' long trousers and long trousers suits are sold according to age, size and measurements. The table below shows you the measurements of the different age sizes. For example: If your boy's chest measure is 27 inches, waist measure 25½ inches and inseam 23 inches, order size 10. If you find that your boy's measurements do not agree with age sizes given in the table, send us the boy's chest, waist and inseam measurements and state his height and weight and we will send a garment that will fit him.

Men's Underwear

Union Suits and Undershirts. Give chest size. Take off your vest. Measure all around body over your shirt.

Underdrawers. Give waist size.

Men's Dress, Work and Nightshirts. State neck measure.

Gloves

HOLD HAND OUT FLAT WITH FINGERS TOUCHING, THUMB RAISED; draw tape close around hand but not tight, as shown in illustration (do not include thumb). The number of inches shown by this measurement is your correct glove size.

Women's Sizes in Silk Fabric, Knitted Yarn and Fleece Lined Kid Gloves: 6, 6½, 7, 7½, 8, 8½.

Women's Sizes in Unlined Kid Gloves: 5¾, 6, 6¼, 6½, 6¾, 7, 7¼, 7½, 7¾, 8, 8½.

Men's Sizes: 7, 7½, 8, 8½, 9, 9½, 10, 10½.

For gloves for infants and children from 6 months to 14 years of age, give age of child.

Boys' and Girls' Clothing

GIVE AGE SIZE. To find AGE SIZE, take the boy's or girl's chest measure, then consult boys' or girls' scale of sizes below.

Before ordering a boys' or girls' garment it is necessary to know the chest measure in order to know the proper AGE SIZE to order, as boys of the same age will vary very greatly in size, and the same with girls. For example, a boy only 10 years of age may be as large as the average boy of 12; or, on the other hand, he may be as small as the average boy of 9 years. Girls of the same age also vary in size. The size scales herewith show the average chest measure of boys and girls of each age. These have been compiled from the measurements of many thousands of boys and girls of each age.

HOW TO MEASURE CHEST. For a boy, see "D" on Figure 5. Measure all around body at chest over his shirt or blouse. For a girl, see "L" on Figure 6. Measure all around body at chest over her dress or blouse. In either case, see that the tape measure is well up under arms, and that it is over shoulder blades at the back. After you have the measurement, see boys' or girls' scale to find what age size to order.

Boys' or Little Fellows'

Knee Pants, Suits, Overcoats, Raincoats, Mackinaw Coats, Blouses and Underwear

How to Use Size Scale

For example: If your boy's chest measure is 24 inches, order age size 5, or if your boy's chest measure is 30¼ inches, order age size 14.

In case your boy's chest measure is between two of the measurements given below, order the age size for the next larger chest measure.

For example: If your boy's chest measure is 28½ inches, order age size 13.

Names of COLORS and Their MEANING

THE NAMES OF COLORS *Used in Our Descriptions Are Here Alphabetically Arranged and Their Meaning Made Clear*

There is a saying that "there is nothing new under the sun," and that may be true as to colors, for multitudes of colors have always existed. But it has been left to modern artists to finely distinguish the different shadings and make them available for our abundant use.

Now every season ushers in a new array of shades, or some variation of their names, because color is the leading way to portray new styles.

After all there is little confusion because most of the names are descriptive; that is, they suggest the shades. Names of common objects such as animals, flowers, vegetation, the landscape, or other features furnish the suggestions. Tangerine, flesh, chocolate brown, sand and reindeer tan readily bring to mind the idea of the shades.

In this catalog we list the newest shades as well as the widest range of colors. The World's Largest Store gives you complete service in bringing you the new shades as they are introduced.

About variations in shades. It is important to remember that dyes for the different shades do not produce exactly the same effect or tone in all the different materials. That is, a certain shade of color will not have just the same tone in silk, wool and cotton. Finish in fabrics also produces a difference in tone. A lustrous finish will not have the identical cast of color as the rough surfaced fabric.

Paint colors are not included in this list. See pages 1023 and 1024.

With World's Greatest Stocking Value

For Boys

We Defy Competition

Are you comparing these values with others? Read this before you make your selection. Compare the size of each article. Do not be misled by the number of pieces offered.

For many years we have compared and examined Christmas Stockings offered by others and we have yet to find values that are anywhere near the tremendous values we offer. We could put twice as many pieces in each assortment but they would be cheap, worthless, tiny, paper or tin toys. Our assortments have practical toys. Due to the large quantity we buy we are able to offer these wonderful assortments at these prices. **Compare** our beautifully dressed **10-inch** full jointed sleeping doll with the dolls offered by others, or the **17-inch** break action, metal barrel popgun against the small wood popguns usually offered.

Two Assortments for Boys—Two for Girls

Guns, tops, watches, horns in the boys' stockings. Toy dishes, story books, dolls, cut-outs for the girls.

We prefer to give you Quality rather than a large number of cheap items

Artificial Christmas Trees

These Beautiful Trees Are Made of the Finest Quality Materials

Folding Everlasting

Easy to Put Up and Take Down. Preferred by Many to Regular Evergreens

Clean, Sanitary, Economical

Do Not Be Misled By Lower Prices. It Pays to Buy Quality.

When comparing prices, we want to remind you that our trees are made by the acknowledged finest manufacturer in the world, and have from 10 per cent to 25 per cent more large and small main branches and a greater quantity of smaller side branches than those offered by others. They very closely resemble the natural tree, and when trimmed will make a much better appearance than the skimpy, inferior trees offered at slightly lower prices. These trees are made of material that does not shed. More popular each year and rapidly replacing the evergreen tree; less expensive, as they can be used season after season. Each tree has a white enameled wood pot, similar to one shown. The larger sizes are in sections for easy packing. Candle holders on each tree.

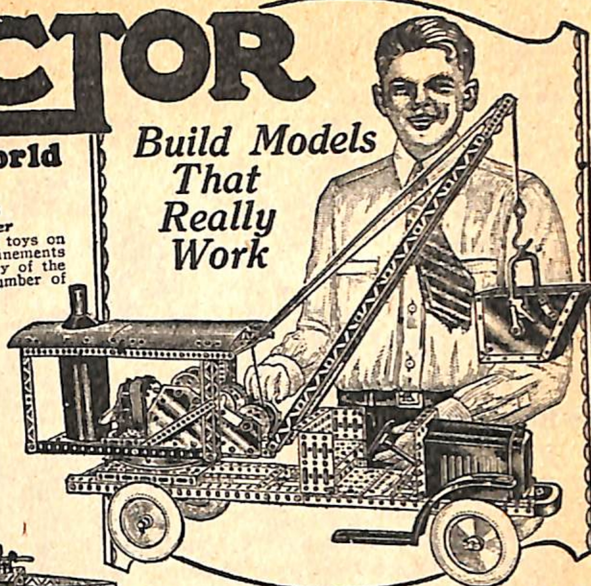
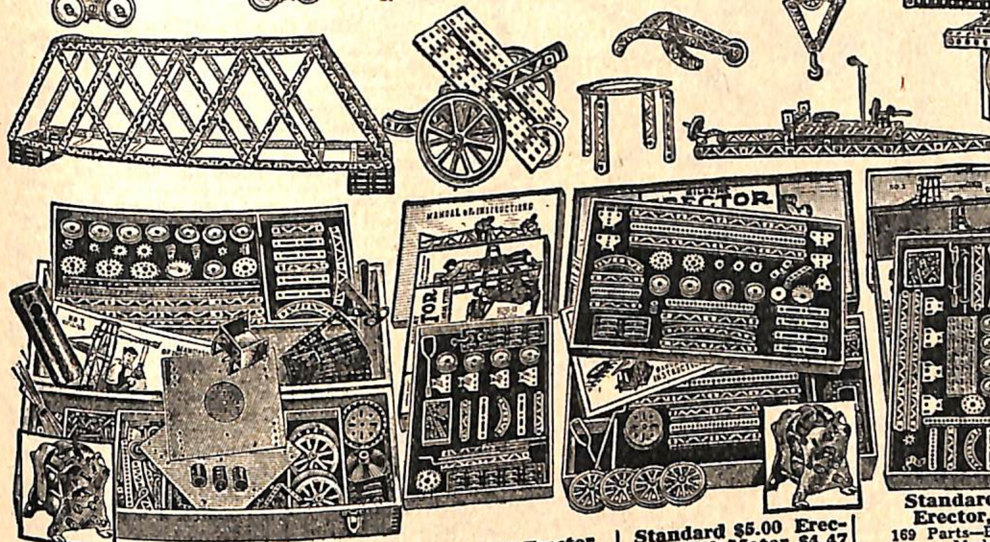
The New ERECTOR

The Greatest Construction Toy in the World

Bigger Than Ever



Builds the Most Models—Has the Most Parts



The Only Construction Toy With the Square Girder

Erector is one of the most instructive as well as entertaining toys on the market. Each succeeding year brings improvements, refinements and new parts. The boys are convinced of the great flexibility of the Erector, which makes possible the building of an unlimited number of interesting as well as complicated models.

Every boy likes to tinker around and build things. With an Erector set he can satisfy this hankering. He can actually learn the fundamentals of engineering by studying carefully the complete book of instructions included.

Models built are true models, for the gears, pulleys, angle irons, etc., are duplicates of the real parts used in construction work. Bridges can be built, as can skyscrapers and thousands of other models.

Standard $10.00 Erector, $8.98
473 Parts—Builds 533 Models

Here's a dandy set. **It has a powerful, already assembled motor.** Furthermore, it is assembled in a heavy, stained and varnished wood box with brass side grips and suitcase catches. **It has many parts not in the smaller sets, which make it possible to build such models as a miniature steam engine, steam shovel, crane, derrick and Ferris wheel.** A wonderful collection of girders, pulleys, boiler, digger, scoop, etc. Wood box, 21½x8¼x3¼ inches. Shipping weight, 13 pounds.
79K4716............**$8.98**

Standard $1.00 Erector Only 89c
104 Parts—Builds 278 Models

Bilt-E-Z "The BOY Builder"

Bilt E-Z, the Popular Construction Toy

Just as the Child Builds the Toy, So the Toy Builds the Child. For Both Boys and Girls.

Boys! Build beautiful skyscrapers or accessories for your train sets, such as stations, trestles and then forts, castles, etc., besides.

Girls! Think of the thrill of building your own doll house to order, with as many stories, rooms and porches as you want.

Complete models are not flimsy things, but substantial structures which you can carry about. When you tire of one building, pull it apart in a jiffy and start another.

All parts are interchangeable, buy as many sets as you like, for you just add that many more parts. All parts are sheet steel, enameled in white and gray. Each set in heavy cardboard box, covered with neat imitation leather effect paper. In each set are floors, windows, walls, friction pieces, cornices and balconies in varying quantities, depending on size of set. Four different sizes.

FLYING ARROW Steering Sleds

$2.69 56-Inch

It Pays to Buy a good Sled

Zip!

Just What Its Name Implies! Flies Through the Air

Flying Arrow Sleds are popular with boys everywhere. Wood parts nicely varnished and decorated. There are cheaper sleds on the market, but how long do they last and will the boy be perfectly satisfied? Our sturdy, well constructed Flying Arrow Sleds have made a real reputation; any proud owner of one can tell you. They steer easily around curves, because the runners curve up abruptly in front, leaving a greater part of the long flat runners on the ground, and because the runners are made of first quality tempered spring steel. The knees or braces are heavy gauge stamped steel, securely riveted to top and runners. The sound and solid hardwood lumber used for top will not split or warp.

Boys! Read This

For 35 years the manufacturer of our Flying Arrow Sleds has been recognized as one of the best makers of sleds in the country.

Here Are The Reasons

1—The different parts are fitted together by skilled workmen.

2—There are no loose joints, because every joint is riveted with a large-head rivet which will not loosen.

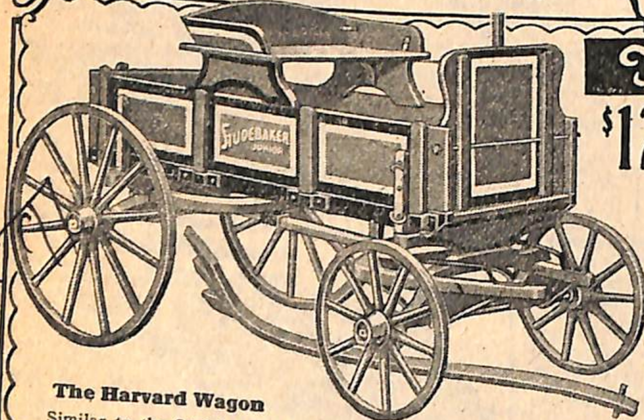
3—The steering arrangement is very flexible, easy to work and mechanically perfect.

4—The steel runners are made from the best high carbon spring steel, which gives them extreme durability and wonderful steering quality. Best steel now used for sled runners.

5—The steel supports or knees are the best money can buy and are riveted to runners, not welded.

6—The wood tops and side rails are made from selected hardwood which is smoothly machined, all edges rounded and sanded, making them free from slivers and sharp ends.

7—All wood parts are carefully finished and varnished with durable varnish to withstand weather exposure and hard use; they are attractively decorated in red and blue.



We Repeat—Flying Arrow Sleds are made from the best materials, by good workmen, will withstand the roughest treatment on ice or snow and will steer easier than any other sleds on the market.

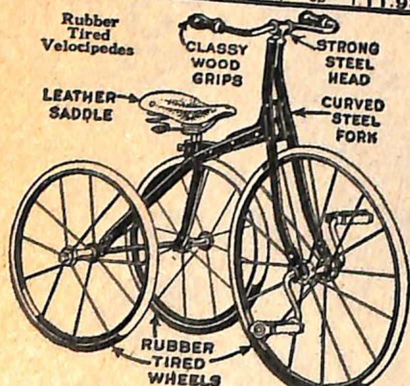
Beautiful Columbia Ball Bearing Velocipedes

Full Tubular Columbia Boycycle

With 1-inch Cushion Rubber Tires and Its New Berkshire Blue Enamel



Can you picture your youngster when being presented with this dandy velocipede? Built just like brother's large bicycle; sturdy, best in construction and most practical. Heavy tubular steel frame and fork with nickel plated crown. Selected from many different types and, in our opinion, supreme in quality and up to date in every detail. Classy nickel plated tangent bicycle spokes with nipples for tightening. Ball bearing rubber pedals; nickel plated cranks; tubular steel handle bars with large size rubber grips; fine quality padded leather seat with resilient nickel plated double coil springs. Complete, with bicycle bell. Rims of wheel enameled red with two black stripes same as on large bicycles. Neat nickel plated Columbia monogram on head. Sizes given below are shortest measurements. Measure child from crotch to heel. Seat may be raised 3½ inches. Two largest sizes unmailable.

"Flossie Flirt"

America's Best Known Ma-Ma Doll Extra Fine Quality

We guarantee "Flossie Flirt" Dolls not to break under ordinary handling such as given by the average child. This guarantee includes the moving eyes, the broadest guarantee to be given on dolls. "Flossie Flirt" is the most wonderful animated doll made. She rolls her "Flirty" eyes from side to side in the gayest most delightful childlike manner; winks and blinks mischievously and can also close her eyes in sleep. She says Ma-Ma too, just like a real live baby. The pretty head with natural lifelike features is of the very strongest composition and will not break even if the doll should fall out of its bed or carriage. The small size, 18K2905, has a bobbed style mohair wig; all the other sizes have a beautiful French marcelled style, parted, mohair wig. Each doll has a silk ribbon and elastic headband with rosette. Charming dress is of rich looking, silky Rayon in delicate colorings tastily trimmed with mercerized lace and silk ribbon. Dolls have finely proportioned **composition arms** and the new slender style **composition legs.** Body and thighs are cotton stuffed.

Vanta DRESSING BABIES

"The Perfect Treasures" With the Widely Known Vanta Baby Garments Without Pins or Buttons

The loveliest baby doll there is for you in these "Vanta Babies." They cry and go to sleep just like real children, and you can dress them without pins or buttons just as mother does her baby. You can buy dainty doll clothes for her, too, as shown at left or perhaps mother will make them if you are real good. Genuine Vanta Baby vest and pantie of fine non-shrinkable white material has dainty little bows of twistless tape. This style garment worn by thousands of real babies. Beautiful smiling baby head; arms and legs are all of strong composition tinted in a delicate flesh pink color. Cotton stuffed body, neat socks and moccasins.

Keep Your Hair Beautiful

Why Millions Use Mulsified Cocoanut Oil Shampoo

Try this quick and simple method. See the difference it makes in the appearance of your hair. Note how it gives new life and luster, how it brings out all the wave and color. See how soft and silky, bright and glossy your hair will look.

Keeps Hair Combed

Gives the hair that rich, natural, glossy, refined and orderly appearance so essential to well groomed men and boys. A little Glostora rubbed through the hair once or twice a week, or after shampooing, keeps it so soft and pliable that even stubborn or unruly hair stays in place just as you comb it. Shipping weight, 1 pound.

THE simple, modern styles of hairdress make beautiful hair a necessity. They are effective ONLY when the hair itself is beautiful.

Luckily, beautiful hair is now easily obtained. It is simply a matter of shampooing.

Proper shampooing makes the hair soft and silky. It brings out all the real life and luster, all the natural wave and color and leaves it fresh looking, glossy and bright.

While your hair must have frequent and regular washing to keep it beautiful, it cannot stand the harsh effect of ordinary soaps. The free alkali in ordinary soaps soon dries the scalp, makes the hair brittle and ruins it.

This is why millions of women use Mulsified cocoanut oil shampoo. This clear, pure and entirely greaseless product brings out all the real beauty of the hair and cannot possibly injure.

It does not dry the scalp or make the hair brittle, no matter how often you use it.

JUST NOTICE THE DIFFERENCE

Two or three teaspoonfuls of Mulsified makes an abundance of rich, creamy, lather, which cleanses thoroughly and rinses out easily.

It keeps the scalp soft and the hair fine and silky, bright, glossy, fresh looking and easy to manage, and makes it fairly sparkle with new life, gloss and luster.

8K3631—Flesh color only........ **97c**

How to Measure for a Legging

With a tapeline measure around leg at C, D and E; also distance C to E on vertical line. Give exact measurements. **State if for right or left leg.** Average length of legging, 12 inches. Shipping wt., 4 oz.

Seamless Elastic Hosiery
Made to Your Measure

We sell the best quality seamless elastics at prices you have been paying for those made with seams. Seamless elastics have an even support at all points, giving correct pressure where needed most. For this reason they are especially adapted to the relief of varicose veins, weak, ulcerated, swollen or sprained limbs. Seamless elastics fit better, are more comfortable and are less noticeable on the leg than those with seams.

All Seamless Elastics shipped from factory in Massachusetts.
Seamed Elastics shipped from factory in Northeastern Illinois.

Important Notice

All articles on this page where lettered measurements are requested, are specials and require from six to ten days to make, depending upon the item.

Elastic stockings can be readily cleaned with any good cleaning fluid or with lukewarm water and castile soap. Rinse only, do not wring out water. Let stocking dry slowly, away from fire or radiator.

How to Measure

All measurements should be taken with leg in position illustrated, and in the morning before the limbs have had an opportunity to swell. It is advisable whenever possible to have someone else take your measurements, as they can probably get them more exact. We allow for stretching so give exact measurements. Be very careful to have your measurements correct, as when elastics are once made according to special size we cannot accept their return. Prices shown on elastics are for one garment only. If a pair is desired send double amount. **State whether for right or left leg.** If possible consult a physician before ordering.

Garter Stockings

Our seamless stockings are made to fit your own particular case. The tension throughout all seamless garments is designed to exert the proper pressure where most needed. It pays to buy quality merchandise.

Non-Slip Rubber Pad Trusses

Used for Scrotal as Well as Ordinary Ruptures

We offer you our most popular style spring or elastic truss with a pad that will not slip. This washable pad has a red corrugated rubber cover, with a spongy rubber center. It can easily be adjusted to give the support where needed, and will keep its position, holding rupture firmly in place. The understrap is partly covered with rubber tube, which tends to eliminate much of the chafing often caused by understraps. We have either spring or elastic belt. All metal fittings nickel plated. Both trusses exceptionally well made throughout. Sizes, 32 to 42. State size wanted and side on which rupture is located. Shipping weight, 1¼ pounds.

Spring Truss	Elastic Truss
With non-slip pad. Spring padded and covered with soft fine quality leather with wide roll edges. 8K3542 **$5.67**	With non-slip pad. Fine quality elastic webbing belt, easily adjusted. 8K3529 **$3.98**

How to Measure for a Truss

Take measurement around body on line with rupture, holding the tape line snugly, 1 inch below hip joints. The truss to fit correctly should fit snugly around body slightly above the fleshy part of the buttock. Carried in even sizes only.

NOTE—Consult a physician before ordering a truss, to be sure you obtain the correct style.

Leeland Elastic Truss

With Rubber Air Cushion Pad

Here Are Some Reasons Why This Truss Has Always Been so Popular

It can be worn by many people who will not wear ordinary spring or elastic trusses. The air cushion pad clings to the body and can easily be adjusted to the desired position, and when once set, the pad will stay firmly in place without discomfort. Belt and understrap made of good quality elastic webbing. It can be worn without being noticed through the clothing. When once adjusted it can be worn at work or at play without having to be readjusted. We recommend the rupture appliance and feel sure it will give satisfaction, as it is easily adjusted, comfortable to wear and a very popular truss. Sold in single and double. We carry these trusses in stock in even sizes from 30 to 42 inches, and therefore are prepared to fill any orders promptly. State size and side. Shipping weight, ¾ pound.
